Jonathan Moore

UX, Sound Design, Audio and Software Engineer
Abingdon, Virginia

Summary

I began my professional career right out of high school in technical support and development as a Macromedia User Group then later worked for Adobe and FreeBSD volunteer and contributor. At the same time pursuing my associates and bachelors in computer science. I graduated summa cum laude from Tenn. Tech and a UVa alumni. I was also a web developer for the UVa-Wise Magazine. And member of the ACM. My complete discography is available on Bandcamp. I'm a BMI writer and publisher. I have been streamed worldwide with Tunecore And developed some small VST's and Rack Extensions for Propellerhead and Steinberg which never shipped. I recently became a Microsoft Visual Studio industry partner and created a Microsoft Research and Innovation group on Gitlab. Also trying to find some time for sound design and amateur asteroid hunting with MPC. I'm in the Virginia and National Associations for the Gifted since 2011 and Mensa groups here on LinkedIn And IEEE Computer Society also a member of the Mensa High IQ society on LinkedIn I also have been a Microsoft MVP. I am wanting to pursue gifted studies at the University of Connecticut maybe. I scored a 140 on the Mensa mobile app. . Sixtrack is the infrastructure that helps upgrade the LHC.
