§13555. Consultative Commission on Western Hemisphere Energy and Environment

(a) Findings

The Congress finds that—

(1) there is growing mutual economic interdependence among the countries of the Western Hemisphere;

(2) energy and environmental issues are intrinsically linked and must be considered together when formulating policy on the broader issue of sustainable economic development for the Western Hemisphere as a whole;

(3) when developing their respective energy infrastructures, countries in the Western Hemisphere must consider existing and emerging environmental constraints, and do so in a way that results in sustainable long-term economic growth;

(4) the coordination of respective national energy and environmental policies of the governments of the Western Hemisphere could be substantially improved through regular consultation among these countries;

(5) the development, production and consumption of energy can affect environmental quality, and the environmental consequences of energy-related activities are not confined within national boundaries, but are regional and global in scope;

(6) although the Western Hemisphere is richly endowed with indigenous energy resources, an insufficient energy supply would severely constrain future opportunities for sustainable economic development and growth in each of these member countries; and

(7) the energy markets of the United States are linked with those in other countries of the Western Hemisphere and the world.

(b) "Commission" defined

For purposes of this section, the term "Commission" means the Consultative Commission on Western Hemisphere Energy and Environment.

(c) Negotiations

The President is authorized to direct the United States representative to the Organization of American States to initiate negotiations with the Organization of American States for the establishment of a Consultative Commission on Western Hemisphere Energy and Environment under the auspices of the Organization of American States.

(d) The Commission

In the course of the negotiations, the following shall be pursued:

(1) Objectives

The objectives of the Commission shall be—

(A) to evaluate from the viewpoint of the Western Hemisphere as a whole the energy and environmental situations, trends, and policies of the countries of the participating governments necessary to support sustainable economic development;

(B) to recommend to the participating governments actions, policies, and institutional arrangements that will enhance cooperation and policy coordination among their respective countries in the future development and use of indigenous energy resources and technologies, and in the future development and implementation of measures to protect the environment of the Western Hemisphere; and

(C) to recommend to the participating governments actions and policies that will enhance

energy and environmental cooperation and coordination among the countries of the Western Hemisphere and the world.

(2) Composition of Commission

The Commission shall include representatives of—

(A) the respective foreign energy and environmental ministries or departments of the participating governments;

(B) the parliamentary or legislative bodies with legislative responsibilities for energy and environmental matters; and

(C) other governmental and non-governmental observers appointed by the heads of each participating government on the basis of their experience and expertise.

(3) Secretariat

A small secretariat shall be chosen by the participating governments for their expertise in the areas of energy and the environment.

(4) Sunset provision

The Commission's authority—

(A) shall terminate five years from the date of the agreement under which it was created; and

(B) may be extended for a five-year term at the expiration of the previous term by agreement of the participating governments.

(e) Report

The President shall, within one year after October 24, 1992, report to the Committee on Energy and Commerce and the Committee on Foreign Affairs of the House of Representatives, and to the Committee on Energy and Natural Resources and the Committee on Foreign Relations of the Senate, on the progress toward the establishment of the Commission and achievement of the purposes of this section.

except that energy used for coproduction or cogeneration shall not be counted in calculating the thermal efficiency under this paragraph.

(c) Program balance and priority

In carrying out the program under section 13572(a)(1) of this title, the Secretary shall ensure, to the extent practicable, that—

(1) between 25 percent and 75 percent of the projects supported are for the sole purpose of electrical generation; and

(2) priority is given to projects that use electrical generation equipment and processes that have been developed and demonstrated and applied in actual production of electricity, but are not yet cost-competitive, and that achieve greater efficiency and environmental performance.

SUBCHAPTER V—SAFETY AND SECURITY IN PUBLIC AND ASSISTED HOUSING

§13661. Screening of applicants for federally assisted housing

(a) Ineligibility because of eviction for drug crimes

Any tenant evicted from federally assisted housing by reason of drug-related criminal activity (as such term is defined in section 1437a(b) of this title) shall not be eligible for federally assisted housing during the 3-year period beginning on the date of such eviction, unless the evicted tenant successfully completes a rehabilitation program approved by the public housing agency (which shall include a waiver of this subsection if the circumstances leading to eviction no longer exist).

(b) Ineligibility of illegal drug users and alcohol abusers

(1) In general

Notwithstanding any other provision of law, a public housing agency or an owner of federally assisted housing, as determined by the Secretary, shall establish standards that prohibit admission to the program or admission to federally assisted housing for any household with a member—

(A) who the public housing agency or owner determines is illegally using a controlled substance; or

(B) with respect to whom the public housing agency or owner determines that it has reasonable cause to believe that such household member's illegal use (or pattern of illegal use) of a controlled substance, or abuse (or pattern of abuse) of alcohol, may interfere with the health, safety, or right to peaceful enjoyment of the premises by other residents.

(2) Consideration of rehabilitation

In determining whether, pursuant to paragraph (1)(B), to deny admission to the program or federally assisted housing to any household based on a pattern of illegal use of a controlled substance or a pattern of abuse of alcohol by a household member, a public housing agency or an owner may consider whether such household member—

(A) has successfully completed a supervised drug or alcohol rehabilitation program (as applicable) and is no longer engaging in the illegal use of a controlled substance or abuse of alcohol (as applicable);

(B) has otherwise been rehabilitated successfully and is no longer engaging in the illegal use of a controlled substance or abuse of alcohol (as applicable); or

(C) is participating in a supervised drug or alcohol rehabilitation program (as applicable) and is no longer engaging in the illegal use of a controlled substance or abuse of alcohol (as applicable).

(c) Authority to deny admission to criminal offenders

Except as provided in subsections (a) and (b) of this section and in addition to any other authority to screen applicants, in selecting among applicants for admission to the program or to federally assisted housing, if the public housing agency or owner of such housing (as applicable) determines that an applicant or any member of the applicant's household is or was, during a reasonable time preceding the date when the applicant household would otherwise be selected for admission,

engaged in any drug-related or violent criminal activity or other criminal activity which would adversely affect the health, safety, or right to peaceful enjoyment of the premises by other residents, the owner, or public housing agency employees, the public housing agency or owner may—

(1) deny such applicant admission to the program or to federally assisted housing; and

(2) after the expiration of the reasonable period beginning upon such activity, require the applicant, as a condition of admission to the program or to federally assisted housing, to submit to the public housing agency or owner evidence sufficient (as the Secretary shall by regulation provide) to ensure that the individual or individuals in the applicant's household who engaged in criminal activity for which denial was made under paragraph (1) have not engaged in any criminal activity during such reasonable period.

(a) In general

Notwithstanding any other provision of law, a public housing agency or an owner of federally assisted housing (as applicable), shall establish standards or lease provisions for continued assistance or occupancy in federally assisted housing that allow the agency or owner (as applicable) to terminate the tenancy or assistance for any household with a member—

(1) who the public housing agency or owner determines is illegally using a controlled substance; or

(a) In general

Notwithstanding any other provision of law, an owner of federally assisted housing shall prohibit admission to such housing for any household that includes any individual who is subject to a lifetime registration requirement under a State sex offender registration program.

(b) Obtaining information

As provided in regulations issued by the Secretary to carry out this section—

(1) a public housing agency shall carry out criminal history background checks on applicants for federally assisted housing and make further inquiry with State and local agencies as necessary to determine whether an applicant for federally assisted housing is subject to a lifetime registration requirement under a State sex offender registration program; and

(2) State and local agencies responsible for the collection or maintenance of criminal history record information or information on persons required to register as sex offenders shall comply with requests of public housing agencies for information pursuant to this section.

Upon such a request by the owner, the agency shall take the action requested under subsection (b). The agency may not make any information obtained pursuant to the action under subsection (b) available to the owner but shall perform determinations for the owner regarding screening, lease enforcement, and eviction based on criteria supplied by the owner.

(d) Opportunity to dispute

Before an adverse action is taken with respect to an applicant for federally assisted housing on the basis that an individual is subject to a lifetime registration requirement under a State sex offender registration program, the public housing agency obtaining the record shall provide the tenant or applicant with a copy of the registration information and an opportunity to dispute the accuracy and relevance of that information.

(e) Fee

A public housing agency may be charged a reasonable fee for taking actions under subsection (b). In the case of a public housing agency taking actions on behalf of another owner of federally assisted housing pursuant to subsection (c), the agency may pass such fee on to the owner making the request and may charge an additional reasonable fee for making the request on behalf of the owner.

§13703. Violent offender incarceration grants

(a) Eligibility for minimum grant

To be eligible to receive a minimum grant under this section, a State shall submit an application to the Attorney General that provides assurances that the State has implemented, or will implement, correctional policies and programs, including truth-in-sentencing laws that ensure that violent offenders serve a substantial portion of the sentences imposed, that are designed to provide sufficiently severe punishment for violent offenders, including violent juvenile offenders, and that the prison time served is appropriately related to the determination that the inmate is a violent offender and for a period of time deemed necessary to protect the public.

(b) Additional amount for increased percentage of persons sentenced and time served

A State that received a grant under subsection (a) is eligible to receive additional grant amounts if such State demonstrates that the State has, since 1993—

(B) The amount remaining after application of subparagraph (A) shall be allocated to each State that meets the requirements of section 13703(b) of this title, in the ratio that the number of part 1 violent crimes reported by such State to the Federal Bureau of Investigation for the 3 years preceding the year in which the determination is made, bears to the average annual number of part 1 violent crimes reported by all States that meet the requirements of section 13703(b) of this title to the Federal Bureau of Investigation for the 3 years preceding the year in which the determination is made.

(2) Additional allocation

15 percent of the amount available for grants under section 13703 of this title for any fiscal year shall be allocated to each State that meets the requirements of section 13703(c) of this title as follows:

(A) 3.0 percent shall be allocated to each State that meets the requirements of section 13703(c) of this title, except that the United States Virgin Islands, American Samoa, Guam, and the Commonwealth of the Northern Mariana Islands, if eligible under such subsection, shall each be allocated 0.03 percent.

(b) Allocation of truth-in-sentencing grants under section 13704

(c) Unavailable data

If data regarding part 1 violent crimes in any State is substantially inaccurate or is unavailable for the 3 years preceding the year in which the determination is made, the Attorney General shall utilize the best available comparable data regarding the number of violent crimes for the previous year for the State for the purposes of allocation of funds under this part.

(d) Regional compacts

In determining the amount of funds that States organized as a regional compact may receive, the Attorney General shall first apply the formula in either subsection (a) or (b) and (c) of this section to each member State of the compact. The States organized as a regional compact may receive the sum of the amounts so determined.

§13726. Findings

Congress finds the following:

(1) Increasingly, States are turning to private prisoner transport companies as an alternative to their own personnel or the United States Marshals Service when transporting violent prisoners.

(2) The transport process can last for days if not weeks, as violent prisoners are dropped off and picked up at a network of hubs across the country.

(3) Escapes by violent prisoners during transport by private prisoner transport companies have occurred.

(4) Oversight by the Attorney General is required to address these problems.

(5) While most governmental entities may prefer to use, and will continue to use, fully trained and sworn law enforcement officers when transporting violent prisoners, fiscal or logistical concerns may make the use of highly specialized private prisoner transport companies an option. Nothing in sections 13726 to 13726c of this title should be construed to mean that governmental entities should contract with private prisoner transport companies to move violent prisoners; however when a government entity opts to use a private prisoner transport company to move violent prisoners, then the company should be subject to regulation in order to enhance public safety.

(b) Standards and requirements

The regulations shall include the following:

(1) Minimum standards for background checks and preemployment drug testing for potential employees, including requiring criminal background checks, to disqualify persons with a felony conviction or domestic violence conviction as defined by section 921 of title 18 for eligibility for employment. Preemployment drug testing will be in accordance with applicable State laws.

Such standards shall provide the transport entity with appropriate discretion, and, absent more restrictive requirements contracted for by the procuring government entity, shall not exceed a requirement of 1 agent for every 6 violent prisoners.

(5) Minimum standards for employee uniforms and identification that require wearing of a uniform with a badge or insignia identifying the employee as a transportation officer.

(6) Standards establishing categories of violent prisoners required to wear brightly colored clothing clearly identifying them as prisoners, when appropriate.

(7) Minimum requirements for the restraints that must be used when transporting violent prisoners, to include leg shackles and double-locked handcuffs, when appropriate.

(8) A requirement that when transporting violent prisoners, private prisoner transport companies notify local law enforcement officials 24 hours in advance of any scheduled stops in their jurisdiction.

(9) A requirement that in the event of an escape by a violent prisoner, private prisoner transport company officials shall immediately notify appropriate law enforcement officials in the jurisdiction where the escape occurs, and the governmental entity that contracted with the private prisoner transport company for the transport of the escaped violent prisoner.

(10) Minimum standards for the safety of violent prisoners in accordance with applicable Federal and State law.

(c) Federal standards

Except for the requirements of subsection (b)(6), the regulations promulgated under sections 13726 to 13726c of this title shall not provide stricter standards with respect to private prisoner transport companies than are applicable, without exception, to the United States Marshals Service, Federal Bureau of Prisons, and the Immigration and Naturalization Service when transporting violent prisoners under comparable circumstances.

(4) Nonsupplanting requirement

Funds made available under this subchapter to a governmental entity shall not be used to supplant State or local funds, or in the case of Indian tribal governments, funds supplied by the Bureau of Indian Affairs, but shall be used to increase the amount of funds that would, in the absence of Federal funds received under this subchapter, be made available from State or local sources, or in the case of Indian tribal governments, from funds supplied by the Bureau of Indian Affairs.

NATIONAL POLICE ATHLETIC/ACTIVITIES LEAGUE YOUTH ENRICHMENT

Pub. L. 106–367, Oct. 27, 2000, 114 Stat. 1412, as amended by Pub. L. 109–248, title VI, §§612–617, July 27, 2006, 120 Stat. 632, 633, provided that:

"SECTION 1. SHORT TITLE.

"This Act may be cited as the 'National Police Athletic/Activities League Youth Enrichment Act of 2000'.

"SEC. 2. FINDINGS.

"Congress makes the following findings:

"(1) The goals of the Police Athletic/Activities League are to—

"(A) increase the academic success of youth participants in PAL programs;

"(B) promote a safe, healthy environment for youth under the supervision of law enforcement personnel where mutual trust and respect can be built;

"(C) develop life enhancing character and leadership skills in young people;

"(D) increase school attendance by providing alternatives to suspensions and expulsions;

"(E) reduce the juvenile crime rate in participating designated communities and the number of police calls involving juveniles during nonschool hours;

"(F) provide youths with alternatives to drugs, alcohol, tobacco, and gang activity;

"(G) create positive communications and interaction between youth and law enforcement personnel; and

"(H) prepare youth for the workplace.

"(2) The Police Athletic/Activities League, during its 90-year history as a national organization, has proven to be a positive force in the communities it serves.

"(3) The Police Athletic/Activities League is a network of 1,700 facilities serving over 3,000 communities. There are 350 PAL chapters throughout the United States, the Virgin Islands, and the Commonwealth of Puerto Rico, serving 2,000,000 youth, ages 5 to 18, nationwide.

"(4) Based on PAL chapter demographics, approximately 85 percent of the youths who benefit from PAL programs live in inner cities and urban areas.

"(5) PAL chapters are locally operated, volunteer-driven organizations. Although most PAL chapters are sponsored by a law enforcement agency, PAL chapters rarely receive direct funding from law enforcement agencies and are dependent in large part on support from the private sector, such as individuals, business leaders, corporations, and foundations. PAL chapters have been exceptionally successful in balancing public funds with private sector donations and maximizing community involvement.

"(6) Today's youth face far greater risks than did their parents and grandparents. Law enforcement statistics demonstrate that youth between the ages of 12 and 18 are at risk of committing violent acts and being victims of violent acts between the hours of 3 p.m. and 8 p.m.

"(7) Greater numbers of students are dropping out of school and failing in school, even though the consequences of academic failure are more dire in 2005 than ever before.

"(8) Many distressed areas in the United States are still underserved by PAL chapters.

"SEC. 3. PURPOSE.

"The purpose of this Act is to provide adequate resources in the form of—

"(1) assistance for the 342 established PAL chapters to increase of services to the communities they are serving;

"(2) seed money for the establishment of 250 (50 per year over a 5-year period) additional local PAL chapters in public housing projects and other distressed areas, including distressed areas with a majority population of Native Americans, by not later than fiscal year 2010; and

"(3) support of an annual gathering of PAL chapters and designated youth leaders from such chapters to participate in a 3-day conference that addresses national and local issues impacting the youth of America and includes educational sessions to advance character and leadership skills.

"SEC. 4. DEFINITIONS.

"In this Act:

"(1) ASSISTANT ATTORNEY GENERAL.—The term 'Assistant Attorney General' means the Assistant Attorney General for the Office of Justice Programs of the Department of Justice.

"(2) DISTRESSED AREA.—The term 'distressed area' means an urban, suburban, or rural area with a high percentage of high-risk youth, as defined in section 509A of the Public Health Service Act (42 U.S.C. 290aa–8(f)) [now 42 U.S.C. 290bb–23(g)].

"(b) REPORT TO CONGRESS.—Not later than May 1 of each fiscal year for which amounts are made available to carry out this Act, the Assistant Attorney General shall submit to the Committees on the Judiciary of the Senate and the House of Representatives a report that details the progress made under this Act in establishing and expanding PAL chapters in public housing projects and other distressed areas, and the effectiveness of the PAL programs in reducing drug abuse, school dropouts, and juvenile crime.

Final reports of such evaluations shall be made available to the public via the agency's website.

Funds appropriated for the grant program under this subchapter may not be used to fund civil representation in a lawsuit based on a tort claim. This paragraph should not be construed as a prohibition on providing assistance to obtain restitution in a protection order or criminal case.

(12) Delivery of legal assistance

Any grantee or subgrantee providing legal assistance with funds awarded under this title shall comply with the eligibility requirements in section 1201(d) of the Violence Against Women Act of 2000 (42 U.S.C. 3796gg–6(d)).

(B) Exception

If sex segregation or sex-specific programming is necessary to the essential operation of a program, nothing in this paragraph shall prevent any such program or activity from consideration of an individual's sex. In such circumstances, grantees may meet the requirements of this paragraph by providing comparable services to individuals who cannot be provided with the sex-segregated or sex-specific programming.

(C) Discrimination

The authority of the Attorney General and the Office of Justice Programs to enforce this paragraph shall be the same as it is under section 3789d of this title.[2]

For purposes of this paragraph and the grant programs described in this Act, the term "nonprofit organization" means an organization that is described in section 501(c)(3) of title 26 and is exempt from taxation under section 501(a) of such title.

(ii) Prohibition

The Attorney General may not award a grant under any grant program described in this Act to a nonprofit organization that holds money in offshore accounts for the purpose of avoiding paying the tax described in section 511(a) of title 26.

(iii) Disclosure

Each nonprofit organization that is awarded a grant under a grant program described in this Act and uses the procedures prescribed in regulations to create a rebuttable presumption of reasonableness for the compensation of its officers, directors, trustees and key employees, shall disclose to the Attorney General, in the application for the grant, the process for determining such compensation, including the independent persons involved in reviewing and approving such compensation, the comparability data used, and contemporaneous substantiation of the deliberation and decision. Upon request, the Attorney General shall make the information disclosed under this subsection available for public inspection.

(C) Conference expenditures

No amounts authorized to be appropriated to the Department of Justice under this Act may be used by the Attorney General, or by any individual or organization awarded discretionary funds through a cooperative agreement under this Act, to host or support any expenditure for conferences that uses more than $20,000 in Department funds, unless the Deputy Attorney General or such Assistant Attorney Generals, Directors, or principal deputies as the Deputy Attorney General may designate, provides prior written authorization that the funds may be expended to host a conference.

EFFECTIVE DATE OF 2013 AMENDMENT

Amendment by Pub. L. 113–4 not effective until the beginning of the fiscal year following Mar. 7, 2013, see section 4 of Pub. L. 113–4, set out as a note under section 2261 of Title 18, Crimes and Criminal Procedure.

FINDINGS

Pub. L. 109–162, title II, §201, Jan. 5, 2006, 119 Stat. 2993, provided that: "Congress finds the following:

"(1) Nearly 1/3 of American women report physical or sexual abuse by a husband or boyfriend at some point in their lives.

"(2) According to the National Crime Victimization Survey, 248,000 Americans 12 years of age and older were raped or sexually assaulted in 2002.

"(3) Rape and sexual assault in the United States is estimated to cost $127,000,000,000 per year, including—

"(A) lost productivity;

"(B) medical and mental health care;

"(C) police and fire services;

"(D) social services;

"(E) loss of and damage to property; and

"(F) reduced quality of life.

"(4) Nonreporting of sexual assault in rural areas is a particular problem because of the high rate of nonstranger sexual assault.

"(5) Geographic isolation often compounds the problems facing sexual assault victims. The lack of anonymity and accessible support services can limit opportunities for justice for victims.

"(6) Domestic elder abuse is primarily family abuse. The National Elder Abuse Incidence Study found that the perpetrator was a family member in 90 percent of cases.

"(7) Barriers for older victims leaving abusive relationships include—

"(A) the inability to support themselves;

"(B) poor health that increases their dependence on the abuser;

"(C) fear of being placed in a nursing home; and

"(D) ineffective responses by domestic abuse programs and law enforcement.

"(8) Disabled women comprise another vulnerable population with unmet needs. Women with disabilities are more likely to be the victims of abuse and violence than women without disabilities because of their increased physical, economic, social, or psychological dependence on others.

"(9) Many women with disabilities also fail to report the abuse, since they are dependent on their abusers and fear being abandoned or institutionalized.

"(10) Of the 598 battered women's programs surveyed—

"(A) only 35 percent of these programs offered disability awareness training for their staff; and

"(B) only 16 percent dedicated a staff member to provide services to women with disabilities.

"(11) Problems of domestic violence are exacerbated for immigrants when spouses control the immigration status of their family members, and abusers use threats of refusal to file immigration papers and threats to deport spouses and children as powerful tools to prevent battered immigrant women from seeking help, trapping battered immigrant women in violent homes because of fear of deportation.

"(12) Battered immigrant women who attempt to flee abusive relationships may not have access to bilingual shelters or bilingual professionals, and face restrictions on public or financial assistance. They may also lack assistance of a certified interpreter in court, when reporting complaints to the police or a 9–1–1 operator, or even in acquiring information about their rights and the legal system.

"(13) More than 500 men and women call the National Domestic Violence Hotline every day to get immediate, informed, and confidential assistance to help deal with family violence.

"(14) The National Domestic Violence Hotline service is available, toll-free, 24 hours a day and 7 days a week, with bilingual staff, access to translators in 150 languages, and a TTY line for the hearing-impaired.

"(15) With access to over 5,000 shelters and service providers across the United States, Puerto Rico, and the United States Virgin Islands, the National Domestic Violence Hotline provides crisis intervention and immediately connects callers with sources of help in their local community.

"(16) Approximately 60 percent of the callers indicate that calling the Hotline is their first attempt to address a domestic violence situation and that they have not called the police or any other support services.

"(17) Between 2000 and 2003, there was a 27 percent increase in call volume at the National Domestic Violence Hotline.

"(18) Improving technology infrastructure at the National Domestic Violence Hotline and training advocates, volunteers, and other staff on upgraded technology will drastically increase the Hotline's ability to answer more calls quickly and effectively."

Pub. L. 109–162, title III, §301, Jan. 5, 2006, 119 Stat. 3003, provided that: "Congress finds the following:

"(1) Youth, under the age of 18, account for 67 percent of all sexual assault victimizations reported to law enforcement officials.

"(2) The Department of Justice consistently finds that young women between the ages of 16 and 24 experience the highest rate of non-fatal intimate partner violence.

"(3) In 1 year, over 4,000 incidents of rape or sexual assault occurred in public schools across the country.

"(4) Young people experience particular obstacles to seeking help. They often do not have access to money, transportation, or shelter services. They must overcome issues such as distrust of adults, lack of knowledge about available resources, or pressure from peers and parents.

"(5) A needs assessment on teen relationship abuse for the State of California, funded by the California Department of Health Services, identified a desire for confidentiality and confusion about the law as 2 of the most significant barriers to young victims of domestic and dating violence seeking help.

"(6) Only one State specifically allows for minors to petition the court for protection orders.

"(7) Many youth are involved in dating relationships, and these relationships can include the same kind of domestic violence and dating violence seen in the adult population. In fact, more than 40 percent of all incidents of domestic violence involve people who are not married.

"(8) 40 percent of girls ages 14 to 17 report knowing someone their age who has been hit or beaten by a boyfriend, and 13 percent of college women report being stalked.

"(9) Of college women who said they had been the victims of rape or attempted rape, 12.8 percent of completed rapes, 35 percent of attempted rapes, and 22.9 percent of threatened rapes took place on a date. Almost 60 percent of the completed rapes that occurred on campus took place in the victim's residence.

"(10) According to a 3-year study of student-athletes at 10 Division I universities, male athletes made up only 3.3 percent of the general male university population, but they accounted for 19 percent of the students reported for sexual assault and 35 percent of domestic violence perpetrators."

§13942. Confidentiality of communications between sexual assault or domestic violence victims and their counselors

(a) Study and development of model legislation

The Attorney General shall—

(1) study and evaluate the manner in which the States have taken measures to protect the confidentiality of communications between sexual assault or domestic violence victims and their therapists or trained counselors;

(2) develop model legislation that will provide the maximum protection possible for the confidentiality of such communications, within any applicable constitutional limits, taking into account the following factors:

(A) the danger that counseling programs for victims of sexual assault and domestic violence will be unable to achieve their goal of helping victims recover from the trauma associated with these crimes if there is no assurance that the records of the counseling sessions will be kept confidential;

(B) consideration of the appropriateness of an absolute privilege for communications between victims of sexual assault or domestic violence and their therapists or trained counselors, in light of the likelihood that such an absolute privilege will provide the maximum guarantee of confidentiality but also in light of the possibility that such an absolute privilege may be held to violate the rights of criminal defendants under the Federal or State constitutions by denying them the opportunity to obtain exculpatory evidence and present it at trial; and

(C) consideration of what limitations on the disclosure of confidential communications between victims of these crimes and their counselors, short of an absolute privilege, are most likely to ensure that the counseling programs will not be undermined, and specifically whether no such disclosure should be allowed unless, at a minimum, there has been a particularized showing by a criminal defendant of a compelling need for records of such communications, and adequate procedural safeguards are in place to prevent unnecessary or damaging disclosures; and

(3) prepare and disseminate to State authorities the findings made and model legislation developed as a result of the study and evaluation.

(b) Report and recommendations

Not later than the date that is 1 year after September 13, 1994, the Attorney General shall report to the Congress—

(1) the findings of the study and the model legislation required by this section; and

(2) recommendations based on the findings on the need for and appropriateness of further action by the Federal Government.

(c) Review of Federal evidentiary rules

The Judicial Conference of the United States shall evaluate and report to Congress its views on whether the Federal Rules of Evidence should be amended, and if so, how they should be amended, to guarantee that the confidentiality of communications between sexual assault victims and their therapists or trained counselors will be adequately protected in Federal court proceedings.

PART L—STRENGTHENING AMERICA'S FAMILIES BY PREVENTING VIOLENCE AGAINST WOMEN AND CHILDREN

CODIFICATION

This part was, in the original, subtitle M of title IV of Pub. L. 103–322, as added by Pub. L. 109–162, and has been redesignated as part L of this subchapter for purposes of codification.

§14043d. Findings

Congress finds that—

(1) the former United States Advisory Board on Child Abuse suggests that domestic violence may be the single major precursor to child abuse and neglect fatalities in this country;

(2) studies suggest that as many as 10,000,000 children witness domestic violence every year;

(3) studies suggest that among children and teenagers, recent exposure to violence in the home was a significant factor in predicting a child's violent behavior;

(4) a study by the Nurse-Family Partnership found that children whose parents did not participate in home visitation programs that provided coaching in parenting skills, advice and support, were almost 5 times more likely to be abused in their first 2 years of life;

(5) a child's exposure to domestic violence seems to pose the greatest independent risk for being the victim of any act of partner violence as an adult;

(6) children exposed to domestic violence are more likely to believe that using violence is an effective means of getting one's needs met and managing conflict in close relationships;

(7) children exposed to abusive parenting, harsh or erratic discipline, or domestic violence are at increased risk for juvenile crime; and

(8) in a national survey of more than 6,000 American families, 50 percent of men who frequently assaulted their wives also frequently abused their children.

(Pub. L. 103–322, title IV, §41301, as added Pub. L. 109–162, title IV, §401, Jan. 5, 2006, 119 Stat. 3017.)

§14043d–1. Purpose

The purpose of this part is to—

(1) prevent crimes involving violence against women, children, and youth;

(2) increase the resources and services available to prevent violence against women, children, and youth;

(3) reduce the impact of exposure to violence in the lives of children and youth so that the intergenerational cycle of violence is interrupted;

(4) develop and implement education and services programs to prevent children in vulnerable families from becoming victims or perpetrators of domestic violence, dating violence, sexual assault, or stalking;

(5) promote programs to ensure that children and youth receive the assistance they need to end the cycle of violence and develop mutually respectful, nonviolent relationships; and

(6) encourage collaboration among community-based organizations and governmental agencies serving children and youth, providers of health and mental health services and providers of domestic violence, dating violence, sexual assault, and stalking victim services to prevent violence against women and children.

(Pub. L. 103–322, title IV, §41302, as added Pub. L. 109–162, title IV, §401, Jan. 5, 2006, 119 Stat. 3018.)

PART M—ADDRESSING THE HOUSING NEEDS OF VICTIMS OF DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, AND STALKING

CODIFICATION

This part was, in the original, subtitle N of title IV of Pub. L. 103–322, as added by Pub. L. 109–162, and

has been redesignated as part M of this subchapter for purposes of codification.

SUBPART 1—GRANT PROGRAMS

§14043e. Findings

Congress finds that:

(1) There is a strong link between domestic violence and homelessness. Among cities surveyed, 44 percent identified domestic violence as a primary cause of homelessness.

(2) Ninety-two percent of homeless women have experienced severe physical or sexual abuse at some point in their lives. Of all homeless women and children, 60 percent had been abused by age 12, and 63 percent have been victims of intimate partner violence as adults.

(3) Women and families across the country are being discriminated against, denied access to, and even evicted from public and subsidized housing because of their status as victims of domestic violence.

(4) A recent survey of legal service providers around the country found that these providers have responded to almost 150 documented eviction cases in the last year alone where the tenant was evicted because of the domestic violence crimes committed against her. In addition, nearly 100 clients were denied housing because of their status as victims of domestic violence.

(5) Women who leave their abusers frequently lack adequate emergency shelter options. The lack of adequate emergency options for victims presents a serious threat to their safety and the safety of their children. Requests for emergency shelter by homeless women with children increased by 78 percent of United States cities surveyed in 2004. In the same year, 32 percent of the requests for shelter by homeless families went unmet due to the lack of available emergency shelter beds.

(6) The average stay at an emergency shelter is 60 days, while the average length of time it takes a homeless family to secure housing is 6 to 10 months.

(7) Victims of domestic violence often return to abusive partners because they cannot find long-term housing.

(8) There are not enough Federal housing rent vouchers available to accommodate the number of people in need of long-term housing. Some people remain on the waiting list for Federal housing rent vouchers for years, while some lists are closed.

(9) Transitional housing resources and services provide an essential continuum between emergency shelter provision and independent living. A majority of women in transitional housing programs stated that had these programs not existed, they would have likely gone back to abusive partners.

(10) Because abusers frequently manipulate finances in an effort to control their partners, victims often lack steady income, credit history, landlord references, and a current address, all of which are necessary to obtain long-term permanent housing.

(11) Victims of domestic violence in rural areas face additional barriers, challenges, and unique circumstances, such as geographical isolation, poverty, lack of public transportation systems, shortages of health care providers, under-insurance or lack of health insurance, difficulty ensuring confidentiality in small communities, and decreased access to many resources (such as advanced education, job opportunities, and adequate childcare).

(12) Congress and the Secretary of Housing and Urban Development have recognized in recent years that families experiencing domestic violence have unique needs that should be addressed by those administering the Federal housing programs.

(Pub. L. 103–322, title IV, §41401, as added Pub. L. 109–162, title VI, §601, Jan. 5, 2006, 119 Stat. 3030.)

§14043e–1. Purpose

The purpose of this subpart is to reduce domestic violence, dating violence, sexual assault, and stalking, and to prevent homelessness by—

(1) protecting the safety of victims of domestic violence, dating violence, sexual assault, and stalking who reside in homeless shelters, public housing, assisted housing, tribally designated housing, or other emergency, transitional, permanent, or affordable housing, and ensuring that such victims have meaningful access to the criminal justice system without jeopardizing such housing;

(2) creating long-term housing solutions that develop communities and provide sustainable living solutions for victims of domestic violence, dating violence, sexual assault, and stalking;

(3) building collaborations among victim service providers, homeless service providers, housing providers, and housing agencies to provide appropriate services, interventions, and training to address the housing needs of victims of domestic violence, dating violence, sexual assault, and stalking; and

(4) enabling public and assisted housing agencies, tribally designated housing entities, private landlords, property management companies, and other housing providers and agencies to respond appropriately to domestic violence, dating violence, sexual assault, and stalking, while maintaining a safe environment for all housing residents.

(Pub. L. 103–322, title IV, §41402, as added Pub. L. 109–162, title VI, §601, Jan. 5, 2006, 119 Stat. 3031; amended Pub. L. 113–4, title VI, §601(a)(2), Mar. 7, 2013, 127 Stat. 102.)

(A) a serious or repeated violation of a lease for housing assisted under a covered housing program by the victim or threatened victim of such incident; or

(B) good cause for terminating the assistance, tenancy, or occupancy rights to housing assisted under a covered housing program of the victim or threatened victim of such incident.

(3) Termination on the basis of criminal activity

(A) Denial of assistance, tenancy, and occupancy rights prohibited

No person may deny assistance, tenancy, or occupancy rights to housing assisted under a covered housing program to a tenant solely on the basis of criminal activity directly relating to domestic violence, dating violence, sexual assault, or stalking that is engaged in by a member of the household of the tenant or any guest or other person under the control of the tenant, if the tenant or an affiliated individual of the tenant is the victim or threatened victim of such domestic violence, dating violence, sexual assault, or stalking.

(B) Bifurcation

(i) In general

Notwithstanding subparagraph (A), a public housing agency or owner or manager of housing assisted under a covered housing program may bifurcate a lease for the housing in order to evict, remove, or terminate assistance to any individual who is a tenant or lawful occupant of the housing and who engages in criminal activity directly relating to domestic violence, dating violence, sexual assault, or stalking against an affiliated individual or other individual, without evicting, removing, terminating assistance to, or otherwise penalizing a victim of such criminal activity who is also a tenant or lawful occupant of the housing.

(ii) Effect of eviction on other tenants

If public housing agency or owner or manager of housing assisted under a covered housing program evicts, removes, or terminates assistance to an individual under clause (i), and the individual is the sole tenant eligible to receive assistance under a covered housing program, the public housing agency or owner or manager of housing assisted under the covered housing program shall provide any remaining tenant or resident an opportunity to establish eligibility for the covered housing program. If a tenant or resident described in the preceding sentence cannot establish eligibility, the public housing agency or owner or manager of the housing shall provide the tenant or resident a reasonable time, as determined by the appropriate agency, to find new housing or to establish eligibility for housing under another covered housing program.

(C) Rules of construction

(ii) to limit any otherwise available authority of a public housing agency or owner or manager of housing assisted under a covered housing program to evict or terminate assistance to a tenant for any violation of a lease not premised on the act of violence in question against the tenant or an affiliated person of the tenant, if the public housing agency or owner or manager does not subject an individual who is or has been a victim of domestic violence, dating violence, or stalking to a more demanding standard than other tenants in determining whether to evict or terminate;

(iii) to limit the authority to terminate assistance to a tenant or evict a tenant from housing assisted under a covered housing program if a public housing agency or owner or manager of the housing can demonstrate that an actual and imminent threat to other tenants or individuals employed at or providing service to the property would be present if the assistance is not terminated or the tenant is not evicted; or

(iv) to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, sexual assault, or stalking.

(c) Documentation

(1) Request for documentation

If an applicant for, or tenant of, housing assisted under a covered housing program represents to a public housing agency or owner or manager of the housing that the individual is entitled to protection under subsection (b), the public housing agency or owner or manager may request, in writing, that the applicant or tenant submit to the public housing agency or owner or manager a form of documentation described in paragraph (3).

(2) Failure to provide certification

(A) In general

If an applicant or tenant does not provide the documentation requested under paragraph (1) within 14 business days after the tenant receives a request in writing for such certification from a public housing agency or owner or manager of housing assisted under a covered housing program, nothing in this subpart may be construed to limit the authority of the public housing agency or owner or manager to—

(ii) deny assistance under the covered program to the applicant or tenant;

(iii) terminate the participation of the applicant or tenant in the covered program; or

(A) requested or consented to by the individual in writing;

(B) required for use in an eviction proceeding under subsection (b); or

(C) otherwise required by applicable law.

(5) Documentation not required

(6) Compliance not sufficient to constitute evidence of unreasonable act

Compliance with subsection (b) by a public housing agency or owner or manager of housing assisted under a covered housing program based on documentation received under this subsection, shall not be sufficient to constitute evidence of an unreasonable act or omission by the public housing agency or owner or manager or an employee or agent of the public housing agency or owner or manager. Nothing in this paragraph shall be construed to limit the liability of a public housing agency or owner or manager of housing assisted under a covered housing program for failure to comply with subsection (b).

(7) Response to conflicting certification

If a public housing agency or owner or manager of housing assisted under a covered housing program receives documentation under this subsection that contains conflicting information, the public housing agency or owner or manager may require an applicant or tenant to submit third-party documentation, as described in subparagraph (B), (C), or (D) of paragraph (3).

(e) Emergency transfers

Each appropriate agency shall adopt a model emergency transfer plan for use by public housing agencies and owners or managers of housing assisted under covered housing programs that—

(A) the tenant expressly requests the transfer; and

(B)(i) the tenant reasonably believes that the tenant is threatened with imminent harm from further violence if the tenant remains within the same dwelling unit assisted under a covered housing program; or

For short title of this part as the "Rape Survivor Child Custody Act", see section 401 of Pub. L. 114–22, set out as a Short Title of 2015 Amendment note under section 13701 of this title.

§14043h–1. Findings

Congress finds the following:

(1) Men who father children through rape should be prohibited from visiting or having custody of those children.

(2) Thousands of rape-related pregnancies occur annually in the United States.

(3) A substantial number of women choose to raise their child conceived through rape and, as a result, may face custody battles with their rapists.

(4) Rape is one of the most under-prosecuted serious crimes, with estimates of criminal conviction occurring in less than 5 percent of rapes.

(5) The clear and convincing evidence standard is the most common standard for termination of parental rights among the 50 States, territories, and the District of Columbia.

(6) The Supreme Court established that the clear and convincing evidence standard satisfies due process for allegations to terminate or restrict parental rights in Santosky v. Kramer (455 U.S. 745 (1982)).

(7) Currently only 10 States have statutes allowing rape survivors to petition for the termination of parental rights of the rapist based on clear and convincing evidence that the child was conceived through rape.

(8) A rapist pursuing parental or custody rights causes the survivor to have continued interaction with the rapist, which can have traumatic psychological effects on the survivor, and can make it more difficult for her to recover.

(9) These traumatic effects on the mother can severely negatively impact her ability to raise a healthy child.

(10) Rapists may use the threat of pursuing custody or parental rights to coerce survivors into not prosecuting rape, or otherwise harass, intimidate, or manipulate them.

(F) in the case of a participant desiring to undertake or continue graduate study, agree in writing that the participant will accept an appointment and complete 4 years of service as an officer in the State police or in a local police department within the State before undertaking or continuing graduate study;

(G) contract, with the consent of the participant's parent or guardian if the participant is a minor, to serve for 4 years as an officer in the State police or in a local police department, if an appointment is offered; and

(2)(A) Until the date that is 5 years after September 13, 1994, up to 10 percent of the applicants accepted into the Police Corps program may be persons who—

(i) have had some law enforcement experience; and

(ii) have demonstrated special leadership potential and dedication to law enforcement.

(B)(i) The prior period of law enforcement of a participant selected pursuant to subparagraph (A) shall not be counted toward satisfaction of the participant's 4-year service obligation under section 14098 of this title, and such a participant shall be subject to the same benefits and obligations under

this part as other participants, including those stated in section [1] (b)(1)(E) and (F).

(ii) Clause (i) shall not be construed to preclude counting a participant's previous period of law enforcement experience for purposes other than satisfaction of the requirements of section 14098 of this title, such as for purposes of determining such a participant's pay and other benefits, rank, and tenure.

(3) It is the intent of this part that there shall be no more than 20,000 participants in each graduating class. The Director shall approve State plans providing in the aggregate for such enrollment of applicants as shall assure, as nearly as possible, annual graduating classes of 20,000. In a year in which applications are received in a number greater than that which will produce, in the judgment of the Director, a graduating class of more than 20,000, the Director shall, in deciding which applications to grant, give preference to those who will be participating in State plans that provide law enforcement personnel to areas of greatest need.

(c) Recruitment of minorities

Each State participating in the Police Corps program shall make special efforts to seek and recruit applicants from among members of all racial, ethnic or gender groups. This subsection does not authorize an exception from the competitive standards for admission established pursuant to subsections (a) and (b).

(d) Enrollment of applicant

(1) An applicant shall be accepted into a State Police Corps program on the condition that the applicant will be matriculated in, or accepted for admission at, a 4-year institution of higher education—

(A) as a full-time student in an undergraduate program; or

(B) for purposes of taking a graduate course.

(2) If the applicant is not matriculated or accepted as set forth in paragraph (1), the applicant's acceptance in the program shall be revoked.

(e) Leave of absence

(1) A participant in a State Police Corps program who requests a leave of absence from educational study, training or service for a period not to exceed 1 year (or 18 months in the aggregate in the event of multiple requests) due to temporary physical or emotional disability shall be granted such leave of absence by the State.

(2) A participant who requests a leave of absence from educational study, training or service for a period not to exceed 1 year (or 18 months in the aggregate in the event of multiple requests) for any reason other than those listed in paragraph (1) may be granted such leave of absence by the State.

(3) A participant who requests a leave of absence from educational study or training for a period not to exceed 30 months to serve on an official church mission may be granted such leave of absence.

(f) Admission of applicants

An applicant may be admitted into a State Police Corps program either before commencement of or during the applicant's course of educational study.

§14097. Police Corps training

(a) In general

(1) The Director shall establish programs of training for Police Corps participants. Such programs may be carried out at up to 3 training centers established for this purpose and administered by the

Director, or by contracting with existing State training facilities. The Director shall contract with a State training facility upon request of such facility if the Director determines that such facility offers a course of training substantially equivalent to the Police Corps training program described in this part.

(2) The Director may enter into contracts with individuals, institutions of learning, and government agencies (including State and local police forces) to obtain the services of persons qualified to participate in and contribute to the training process.

(3) The Director may enter into agreements with agencies of the Federal Government to utilize on a reimbursable basis space in Federal buildings and other resources.

(4) The Director may authorize such expenditures as are necessary for the effective maintenance of the training centers, including purchases of supplies, uniforms, and educational materials, and the provision of subsistence, quarters, and medical care to participants.

(b) Training sessions

A participant in a State Police Corps program shall attend up to 24 weeks, but no less than 16 weeks, of training at a training center. The Director may approve training conducted in not more than 3 separate sessions.

(c) Further training

The Police Corps training authorized in this section is intended to serve as basic law enforcement training but not to exclude further training of participants by the State and local authorities to which they will be assigned. Each State plan approved by the Director under section 14099 [1] of this title shall include assurances that following completion of a participant's course of education each participant shall receive appropriate additional training by the State or local authority to which the participant is assigned. The time spent by a participant in such additional training, but not the time spent in Police Corps training, shall be counted toward fulfillment of the participant's 4-year service obligation.

(d) Course of training

The training sessions at training centers established under this section shall be designed to provide basic law enforcement training, including vigorous physical and mental training to teach participants self-discipline and organizational loyalty and to impart knowledge and understanding of legal processes and law enforcement.

(e) Evaluation of participants

A participant shall be evaluated during training for mental, physical, and emotional fitness, and shall be required to meet performance standards prescribed by the Director at the conclusion of each training session in order to remain in the Police Corps program.

(f) Stipend

The Director shall pay participants in training sessions a stipend of $400 a week during training.

REFERENCES IN TEXT

Section 14099 of this title, referred to in subsec. (c), was in the original "section 10", and was translated as reading "section 200110", meaning section 200110 of Pub. L. 103–322, to reflect the probable intent of Congress, because Pub. L. 103–322 does not contain a section 10, and section 14099 of this title relates to requirements for State Police Corps plans.

AMENDMENTS

2002—Subsec. (f). Pub. L. 107–273 substituted "$400" for "$250".

1998—Subsec. (b). Pub. L. 105–277, §138(a)(1), added subsec. (b) and struck out heading and text of former subsec. (b). Text read as follows: "A participant in a State Police Corps program shall attend two 8-week training sessions at a training center, one during the summer following completion of sophomore year

and one during the summer following completion of junior year. If a participant enters the program after sophomore year, the participant shall complete 16 weeks of training at times determined by the Director."

Subsec. (c). Pub. L. 105–277, §138(a)(2), substituted "The Police Corps" for "The 16 weeks of Police Corps".

§14098. Service obligation

(a) Swearing in

Upon satisfactory completion of the participant's course of education and training program established in section 14097 of this title and meeting the requirements of the police force to which the participant is assigned, a participant shall be sworn in as a member of the police force to which the participant is assigned pursuant to the State Police Corps plan, and shall serve for 4 years as a member of that police force.

(b) Rights and responsibilities

A participant shall have all of the rights and responsibilities of and shall be subject to all rules and regulations applicable to other members of the police force of which the participant is a member, including those contained in applicable agreements with labor organizations and those provided by State and local law.

(c) Discipline

If the police force of which the participant is a member subjects the participant to discipline such as would preclude the participant's completing 4 years of service, and result in denial of educational assistance under section 14095 of this title, the Director may, upon a showing of good cause, permit the participant to complete the service obligation in an equivalent alternative law enforcement service and, if such service is satisfactorily completed, section 14095(d)(1)(B)(iii) of this title shall not apply.

(d) Layoffs

If the police force of which the participant is a member lays off the participant such as would preclude the participant's completing 4 years of service, and result in denial of educational assistance under section 14095 of this title, the Director may permit the participant to complete the service obligation in an equivalent alternative law enforcement service and, if such service is satisfactorily completed, section 14095(d)(1)(B)(iii) of this title shall not apply.

(A) there is the greatest need for additional law enforcement personnel; and

(5) provide that to the extent feasible, a participant's assignment shall be made at the time the participant is accepted into the program, subject to change—

(A) prior to commencement of a participant's fourth year of undergraduate study, under such circumstances as the plan may specify; and

(B) from commencement of a participant's fourth year of undergraduate study until completion of 4 years of police service by participant, only for compelling reasons or to meet the needs of the State Police Corps program and only with the consent of the participant;

(6) provide that no participant shall be assigned to serve with a local police force—

(A) whose size has declined by more than 5 percent since June 21, 1989; or

(B) which has members who have been laid off but not retired;

(7) provide that participants shall be placed and to the extent feasible kept on community and preventive patrol;

(8) ensure that participants will receive effective training and leadership;

(9) provide that the State may decline to offer a participant an appointment following completion of Federal training, or may remove a participant from the Police Corps program at any time, only for good cause (including failure to make satisfactory progress in a course of educational study) and after following reasonable review procedures stated in the plan; and

(10) provide that a participant shall, while serving as a member of a police force, be compensated at the same rate of pay and benefits and enjoy the same rights under applicable agreements with labor organizations and under State and local law as other police officers of the same rank and tenure in the police force of which the participant is a member.

(a) Publication of quality assurance and proficiency testing standards

(1)(A) Not later than 180 days after September 13, 1994, the Director of the Federal Bureau of Investigation shall appoint an advisory board on DNA quality assurance methods from among nominations proposed by the head of the National Academy of Sciences and professional societies of crime laboratory officials.

(B) The advisory board shall include as members scientists from State, local, and private forensic

laboratories, molecular geneticists and population geneticists not affiliated with a forensic laboratory, and a representative from the National Institute of Standards and Technology.

(C) The advisory board shall develop, and if appropriate, periodically revise, recommended standards for quality assurance, including standards for testing the proficiency of forensic laboratories, and forensic analysts, in conducting analyses of DNA.

(2) The Director of the Federal Bureau of Investigation, after taking into consideration such recommended standards, shall issue (and revise from time to time) standards for quality assurance, including standards for testing the proficiency of forensic laboratories, and forensic analysts, in conducting analyses of DNA.

(3) The standards described in paragraphs (1) and (2) shall specify criteria for quality assurance and proficiency tests to be applied to the various types of DNA analyses used by forensic laboratories. The standards shall also include a system for grading proficiency testing performance to determine whether a laboratory is performing acceptably.

(4) Until such time as the advisory board has made recommendations to the Director of the Federal Bureau of Investigation and the Director has acted upon those recommendations, the quality assurance guidelines adopted by the technical working group on DNA analysis methods shall be deemed the Director's standards for purposes of this section.

(b) Administration of advisory board

(1) For administrative purposes, the advisory board appointed under subsection (a) shall be considered an advisory board to the Director of the Federal Bureau of Investigation.

(2) Section 14 of the Federal Advisory Committee Act (5 U.S.C. App.) shall not apply with respect to the advisory board appointed under subsection (a).

(3) The DNA advisory board established under this section shall be separate and distinct from any other advisory board administered by the FBI, and is to be administered separately.

(4) The board shall cease to exist on the date 5 years after the initial appointments are made to the board, unless the existence of the board is extended by the Director of the Federal Bureau of Investigation.

(c) Proficiency testing program

(1) Not later than 1 year after the effective date of this Act,[1] the Director of the National Institute of Justice shall certify to the Committees on the Judiciary of the House and Senate that—

(A) the Institute has entered into a contract with, or made a grant to, an appropriate entity for establishing, or has taken other appropriate action to ensure that there is established, not later than 2 years after September 13, 1994, a blind external proficiency testing program for DNA analyses, which shall be available to public and private laboratories performing forensic DNA analyses;

(B) a blind external proficiency testing program for DNA analyses is already readily available to public and private laboratories performing forensic DNA analyses; or

(C) it is not feasible to have blind external testing for DNA forensic analyses.

(2) As used in this subsection, the term "blind external proficiency test" means a test that is presented to a forensic laboratory through a second agency and appears to the analysts to involve routine evidence.

(3) Notwithstanding any other provision of law, the Attorney General shall make available to the Director of the National Institute of Justice during the first fiscal year in which funds are distributed under this subtitle up to $250,000 from the funds available under part X of Title I of the Omnibus Crime Control and Safe Streets Act of 1968 [42 U.S.C. 3796kk et seq.] to carry out this subsection.

SENSE OF CONGRESS REGARDING THE OBLIGATION OF GRANTEE STATES TO ENSURE ACCESS TO POST-CONVICTION DNA TESTING AND COMPETENT COUNSEL IN CAPITAL CASES

Pub. L. 106–561, §4, Dec. 21, 2000, 114 Stat. 2791, provided that:

"(a) FINDINGS.—Congress finds that—

"(1) over the past decade, deoxyribonucleic acid testing (referred to in this section as 'DNA testing') has emerged as the most reliable forensic technique for identifying criminals when biological material is left at a crime scene;

"(2) because of its scientific precision, DNA testing can, in some cases, conclusively establish the guilt or innocence of a criminal defendant;

"(3) in other cases, DNA testing may not conclusively establish guilt or innocence, but may have significant probative value to a finder of fact;

"(4) DNA testing was not widely available in cases tried prior to 1994;

"(5) new forensic DNA testing procedures have made it possible to get results from minute samples that could not previously be tested, and to obtain more informative and accurate results than earlier forms of forensic DNA testing could produce, resulting in some cases of convicted inmates being exonerated by new DNA tests after earlier tests had failed to produce definitive results;

"(6) DNA testing can and has resulted in the post-conviction exoneration of more than 75 innocent men and women, including some under sentence of death;

"(7) in more than a dozen cases, post-conviction DNA testing that has exonerated an innocent person has also enhanced public safety by providing evidence that led to the apprehension of the actual perpetrator;

"(8) experience has shown that it is not unduly burdensome to make DNA testing available to inmates in appropriate cases;

"(9) under current Federal and State law, it is difficult to obtain post-conviction DNA testing because of time limits on introducing newly discovered evidence;

"(10) the National Commission on the Future of DNA Evidence, a Federal panel established by the

Department of Justice and comprised of law enforcement, judicial, and scientific experts, has urged that post-conviction DNA testing be permitted in the relatively small number of cases in which it is appropriate, notwithstanding procedural rules that could be invoked to preclude such testing, and notwithstanding the inability of an inmate to pay for the testing;

"(11) only a few States have adopted post-conviction DNA testing procedures;

"(12) States have received millions of dollars in DNA-related grants, and more funding is needed to improve State forensic facilities and to reduce the nationwide backlog of DNA samples from convicted offenders and crime scenes that need to be tested or retested using upgraded methods;

"(13) States that accept such financial assistance should not deny the promise of truth and justice for both sides of our adversarial system that DNA testing offers;

"(14) post-conviction DNA testing and other post-conviction investigative techniques have shown that innocent people have been sentenced to death in this country;

"(15) a constitutional error in capital cases is incompetent defense lawyers who fail to present important evidence that the defendant may have been innocent or does not deserve to be sentenced to death; and

"(16) providing quality representation to defendants facing loss of liberty or life is essential to fundamental due process and the speedy final resolution of judicial proceedings.

"(b) SENSE OF CONGRESS.—It is the sense of Congress that—

"(1) Congress should condition forensic science-related grants to a State or State forensic facility on the State's agreement to ensure post-conviction DNA testing in appropriate cases; and

"(2) Congress should work with the States to improve the quality of legal representation in capital cases through the establishment of standards that will assure the timely appointment of competent counsel with adequate resources to represent defendants in capital cases at each stage of the proceedings."

Pub. L. 106–546, §11, Dec. 19, 2000, 114 Stat. 2735, enacted provisions substantially identical to those enacted by Pub. L. 106–561, §4, set out above.

CHAPTER 137—MANAGEMENT OF RECHARGEABLE BATTERIES AND

BATTERIES CONTAINING MERCURY

SUBCHAPTER I—GENERALLY

SUBCHAPTER I—GENERALLY

§14301. Findings

The Congress finds that—

(1) it is in the public interest to—

(A) phase out the use of mercury in batteries and provide for the efficient and cost-effective collection and recycling or proper disposal of used nickel cadmium batteries, small sealed lead-acid batteries, and other regulated batteries; and

(B) educate the public concerning the collection, recycling, and proper disposal of such batteries;

(2) uniform national labeling requirements for regulated batteries, rechargeable consumer products, and product packaging will significantly benefit programs for regulated battery collection and recycling or proper disposal; and

(3) it is in the public interest to encourage persons who use rechargeable batteries to participate in collection for recycling of used nickel-cadmium, small sealed lead-acid, and other regulated batteries.

When on the basis of any information the Administrator determines that a person has violated, or is in violation of, any requirement of this chapter (except a requirement of section 14323 of this title) the Administrator—

(1) in the case of any violation, may issue an order assessing a civil penalty of not more than $10,000 for each violation, or requiring compliance immediately or within a reasonable specified time period, or both; or

(2) in the case of any violation or failure to comply with an order issued under this section, may commence a civil action in the United States district court in the district in which the violation occurred or in the district in which the violator resides for appropriate relief, including a temporary or permanent injunction.

(b) Contents of order

An order under subsection (a)(1) shall state with reasonable specificity the nature of the violation.

In assessing a civil penalty under subsection (a)(1), the Administrator shall take into account the seriousness of the violation and any good faith efforts to comply with applicable requirements.

(d) Finality of order; request for hearing

An order under subsection (a)(1) shall become final unless, not later than 30 days after the order is served, a person named in the order requests a hearing on the record.

(e) Hearing

On receiving a request under subsection (d), the Administrator shall promptly conduct a hearing on the record.

(f) Subpoena power

In connection with any hearing on the record under this section, the Administrator may issue subpoenas for the attendance and testimony of witnesses and for the production of relevant papers, books, and documents.

(g) Continued violation after expiration of period for compliance

If a violator fails to take corrective action within the time specified in an order under subsection (a)(1), the Administrator may assess a civil penalty of not more than $10,000 for the continued noncompliance with the order.

(h) Savings provision

The Administrator may not take any enforcement action against a person for selling, offering for sale, or offering for promotional purposes to the ultimate consumer a battery or product covered by this chapter that was—

(1) purchased ready for sale to the ultimate consumer; and

(2) sold, offered for sale, or offered for promotional purposes without modification.

The preceding sentence shall not apply to a person—
(A) who is the importer of a battery covered by this chapter, and
(B) who has knowledge of the chemical contents of the battery

when such chemical contents make the sale, offering for sale, or offering for promotional purposes of such battery unlawful under subchapter III of this chapter.

(Pub. L. 104–142, §5, May 13, 1996, 110 Stat. 1331.)

§14321. Purpose

The purpose of this subchapter is to facilitate the efficient recycling or proper disposal of used nickel-cadmium rechargeable batteries, used small sealed lead-acid rechargeable batteries, other regulated batteries, and such rechargeable batteries in used consumer products, by—

(1) providing for uniform labeling requirements and streamlined regulatory requirements for regulated battery collection programs; and

(2) encouraging voluntary industry programs by eliminating barriers to funding the collection and recycling or proper disposal of used rechargeable batteries.

(Pub. L. 104–142, title I, §102, May 13, 1996, 110 Stat. 1332.)

§14322. Rechargeable consumer products and labeling

(a) Prohibition

(1) In general

No person shall sell for use in the United States a regulated battery that is ready for retail sale or a rechargeable consumer product that is ready for retail sale, if such battery or product was manufactured on or after the date 12 months after May 13, 1996, unless the labeling requirements of subsection (b) are met and, in the case of a regulated battery, the regulated battery—

(A) is easily removable from the rechargeable consumer product; or

(B) is sold separately.

(2) Application

Paragraph (1) does not apply to any of the following:

(A) The sale of a remanufactured product unit unless paragraph (1) applied to the sale of the unit when originally manufactured.

(B) The sale of a product unit intended for export purposes only.

(b) Labeling

Each regulated battery or rechargeable consumer product without an easily removable battery manufactured on or after the date that is 1 year after May 13, 1996, whether produced domestically or imported shall bear the following labels:

(1) 3 chasing arrows or a comparable recycling symbol.

(2)(A) On each regulated battery which is a nickel-cadmium battery, the chemical name or the abbreviation "Ni-Cd" and the phrase "BATTERY MUST BE RECYCLED OR DISPOSED OF PROPERLY.".

(B) On each regulated battery which is a lead-acid battery, "Pb" or the words "LEAD", "RETURN", and "RECYCLE" and if the regulated battery is sealed, the phrase "BATTERY MUST BE RECYCLED.".

(3) On each rechargeable consumer product containing a regulated battery that is not easily removable, the phrase "CONTAINS NICKEL-CADMIUM BATTERY. BATTERY MUST BE RECYCLED OR DISPOSED OF PROPERLY." or "CONTAINS SEALED LEAD BATTERY. BATTERY MUST BE RECYCLED.", as applicable.

(4) On the packaging of each rechargeable consumer product, and the packaging of each regulated battery sold separately from such a product, unless the required label is clearly visible through the packaging, the phrase "CONTAINS NICKEL-CADMIUM BATTERY. BATTERY MUST BE RECYCLED OR DISPOSED OF PROPERLY." or "CONTAINS SEALED LEAD BATTERY. BATTERY MUST BE RECYCLED.", as applicable.

(c) Existing or alternative labeling

(1) Initial period

For a period of 2 years after May 13, 1996, regulated batteries, rechargeable consumer products containing regulated batteries, and rechargeable consumer product packages that are labeled in

substantial compliance with subsection (b) shall be deemed to comply with the labeling requirements of subsection (b).

(2) Certification

(A) In general

On application by persons subject to the labeling requirements of subsection (b) or the labeling requirements promulgated by the Administrator under subsection (d), the Administrator shall certify that a different label meets the requirements of subsection (b) or (d), respectively, if the different label—

(i) conveys the same information as the label required under subsection (b) or (d), respectively; or

(ii) conforms with a recognized international standard that is consistent with the overall purposes of this subchapter.

(B) Constructive certification

Failure of the Administrator to object to an application under subparagraph (A) on the ground that a different label does not meet either of the conditions described in subparagraph (A)(i) or (ii) within 120 days after the date on which the application is made shall constitute certification for the purposes of this chapter.

(d) Rulemaking authority of Administrator

(1) In general

If the Administrator determines that other rechargeable batteries having electrode chemistries different from regulated batteries are toxic and may cause substantial harm to human health and the environment if discarded into the solid waste stream for land disposal or incineration, the Administrator may, with the advice and counsel of State regulatory authorities and manufacturers of rechargeable batteries and rechargeable consumer products, and after public comment—

(A) promulgate labeling requirements for the batteries with different electrode chemistries, rechargeable consumer products containing such batteries that are not easily removable batteries, and packaging for the batteries and products; and

(B) promulgate requirements for easy removability of regulated batteries from rechargeable consumer products designed to contain such batteries.

(2) Substantial similarity

The regulations promulgated under paragraph (1) shall be substantially similar to the requirements set forth in subsections (a) and (b).

(e) Uniformity

After the effective dates of a requirement set forth in subsection (a), (b), or (c) or a regulation promulgated by the Administrator under subsection (d), no Federal agency, State, or political subdivision of a State may enforce any easy removability or environmental labeling requirement for a rechargeable battery or rechargeable consumer product that is not identical to the requirement or regulation.

(f) Exemptions

(1) In general

With respect to any rechargeable consumer product, any person may submit an application to the Administrator for an exemption from the requirements of subsection (a) in accordance with the procedures under paragraph (2). The application shall include the following information:

(A) A statement of the specific basis for the request for the exemption.

(B) The name, business address, and telephone number of the applicant.

(2) Granting of exemption

Not later than 60 days after receipt of an application under paragraph (1), the Administrator shall approve or deny the application. On approval of the application the Administrator shall grant

an exemption to the applicant. The exemption shall be issued for a period of time that the Administrator determines to be appropriate, except that the period shall not exceed 2 years. The Administrator shall grant an exemption on the basis of evidence supplied to the Administrator that the manufacturer has been unable to commence manufacturing the rechargeable consumer product in compliance with the requirements of this section and with an equivalent level of product performance without the product—

(A) posing a threat to human health, safety, or the environment; or

(B) violating requirements for approvals from governmental agencies or widely recognized private standard-setting organizations (including Underwriters Laboratories).

(3) Renewal of exemption

A person granted an exemption under paragraph (2) may apply for a renewal of the exemption in accordance with the requirements and procedures described in paragraphs (1) and (2). The Administrator may grant a renewal of such an exemption for a period of not more than 2 years after the date of the granting of the renewal.

(Pub. L. 104–142, title I, §103, May 13, 1996, 110 Stat. 1332.)

§14323. Requirements

(a) Batteries subject to certain regulations

The collection, storage, or transportation of used rechargeable batteries, batteries described in section 14302(5)(C) of this title or in subchapter III, and used rechargeable consumer products containing rechargeable batteries that are not easily removable rechargeable batteries, shall, notwithstanding any law of a State or political subdivision thereof governing such collection, storage, or transportation, be regulated under applicable provisions of the regulations promulgated by the Environmental Protection Agency at 60 Fed. Reg. 25492 (May 11, 1995), as effective on May 11, 1995, except as provided in paragraph (2) of subsection (b) and except that—

(1) the requirements of 40 CFR 260.20, 260.40, and 260.41 and the equivalent requirements of an approved State program shall not apply, and

(2) this section shall not apply to any lead acid battery managed under 40 CFR 266 subpart G or the equivalent requirements of an approved State program.

(b) Enforcement under Solid Waste Disposal Act

(1) Any person who fails to comply with the requirements imposed by subsection (a) of this section may be subject to enforcement under applicable provisions of the Solid Waste Disposal Act [42 U.S.C. 6901 et seq.].

(2) States may implement and enforce the requirements of subsection (a) if the Administrator finds that—

(A) the State has adopted requirements that are identical to those referred to in subsection (a) governing the collection, storage, or transportation of batteries referred to in subsection (a); and

(B) the State provides for enforcement of such requirements.

CHAPTER 138—ASSISTED SUICIDE FUNDING RESTRICTION

Sec.

§14401. Findings and purpose

(a) Findings

Congress finds the following:

(1) The Federal Government provides financial support for the provision of and payment for health care services, as well as for advocacy activities to protect the rights of individuals.

(2) Assisted suicide, euthanasia, and mercy killing have been criminal offenses throughout the United States and, under current law, it would be unlawful to provide services in support of such illegal activities.

(3) Because of recent legal developments, it may become lawful in areas of the United States to furnish services in support of such activities.

(4) Congress is not providing Federal financial assistance in support of assisted suicide, euthanasia, and mercy killing and intends that Federal funds not be used to promote such activities.

(b) Purpose

It is the principal purpose of this chapter to continue current Federal policy by providing explicitly that Federal funds may not be used to pay for items and services (including assistance) the purpose of which is to cause (or assist in causing) the suicide, euthanasia, or mercy killing of any individual.

(Pub. L. 105–12, §2, Apr. 30, 1997, 111 Stat. 23.)

(3) abortion; or

(4) the use of an item, good, benefit, or service furnished for the purpose of alleviating pain or discomfort, even if such use may increase the risk of death, so long as such item, good, benefit, or service is not also furnished for the purpose of causing, or the purpose of assisting in causing, death, for any reason.

(c) Limitation on Federal facilities and employees

Subject to subsection (b), with respect to health care items and services furnished—

CHAPTER 139—VOLUNTEER PROTECTION

Sec.

§14501. Findings and purpose

(a) Findings

The Congress finds and declares that—

(1) the willingness of volunteers to offer their services is deterred by the potential for liability actions against them;

(2) as a result, many nonprofit public and private organizations and governmental entities, including voluntary associations, social service agencies, educational institutions, and other civic programs, have been adversely affected by the withdrawal of volunteers from boards of directors and service in other capacities;

(3) the contribution of these programs to their communities is thereby diminished, resulting in fewer and higher cost programs than would be obtainable if volunteers were participating;

(4) because Federal funds are expended on useful and cost-effective social service programs, many of which are national in scope, depend heavily on volunteer participation, and represent some of the most successful public-private partnerships, protection of volunteerism through clarification and limitation of the personal liability risks assumed by the volunteer in connection with such participation is an appropriate subject for Federal legislation;

(5) services and goods provided by volunteers and nonprofit organizations would often otherwise be provided by private entities that operate in interstate commerce;

(6) due to high liability costs and unwarranted litigation costs, volunteers and nonprofit organizations face higher costs in purchasing insurance, through interstate insurance markets, to

cover their activities; and

(7) clarifying and limiting the liability risk assumed by volunteers is an appropriate subject for Federal legislation because—

(A) of the national scope of the problems created by the legitimate fears of volunteers about frivolous, arbitrary, or capricious lawsuits;

(B) the citizens of the United States depend on, and the Federal Government expends funds on, and provides tax exemptions and other consideration to, numerous social programs that depend on the services of volunteers;

(C) it is in the interest of the Federal Government to encourage the continued operation of volunteer service organizations and contributions of volunteers because the Federal Government lacks the capacity to carry out all of the services provided by such organizations and volunteers; and

(D)(i) liability reform for volunteers, will promote the free flow of goods and services, lessen burdens on interstate commerce and uphold constitutionally protected due process rights; and

(ii) therefore, liability reform is an appropriate use of the powers contained in article 1, section 8, clause 3 of the United States Constitution, and the fourteenth amendment to the United States Constitution.

(b) Purpose

The purpose of this chapter is to promote the interests of social service program beneficiaries and taxpayers and to sustain the availability of programs, nonprofit organizations, and governmental entities that depend on volunteer contributions by reforming the laws to provide certain protections from liability abuses related to volunteers serving nonprofit organizations and governmental entities.

(Pub. L. 105–19, §2, June 18, 1997, 111 Stat. 218.)

EFFECTIVE DATE

Pub. L. 105–19, §7, June 18, 1997, 111 Stat. 223, provided that:

"(a) IN GENERAL.—This Act [enacting this chapter] shall take effect 90 days after the date of enactment of this Act [June 18, 1997].

"(b) APPLICATION.—This Act applies to any claim for harm caused by an act or omission of a volunteer where that claim is filed on or after the effective date of this Act but only if the harm that is the subject of the claim or the conduct that caused such harm occurred after such effective date."

SHORT TITLE

Pub. L. 105–19, §1, June 18, 1997, 111 Stat. 218, provided that: "This Act [enacting this chapter] may be cited as the 'Volunteer Protection Act of 1997'."

§14502. Preemption and election of State nonapplicability

(a) Preemption

This chapter preempts the laws of any State to the extent that such laws are inconsistent with this chapter, except that this chapter shall not preempt any State law that provides additional protection from liability relating to volunteers or to any category of volunteers in the performance of services for a nonprofit organization or governmental entity.

(b) Election of State regarding nonapplicability

This chapter shall not apply to any civil action in a State court against a volunteer in which all parties are citizens of the State if such State enacts a statute in accordance with State requirements for enacting legislation—

(1) citing the authority of this subsection;

(2) declaring the election of such State that this chapter shall not apply, as of a date certain, to such civil action in the State; and

(3) containing no other provisions.

(Pub. L. 105–19, §3, June 18, 1997, 111 Stat. 219.)

§14503. Limitation on liability for volunteers

(a) Liability protection for volunteers

Except as provided in subsections (b) and (d), no volunteer of a nonprofit organization or governmental entity shall be liable for harm caused by an act or omission of the volunteer on behalf of the organization or entity if—

(1) the volunteer was acting within the scope of the volunteer's responsibilities in the nonprofit organization or governmental entity at the time of the act or omission;

(2) if appropriate or required, the volunteer was properly licensed, certified, or authorized by the appropriate authorities for the activities or practice in the State in which the harm occurred, where the activities were or practice was undertaken within the scope of the volunteer's responsibilities in the nonprofit organization or governmental entity;

(3) the harm was not caused by willful or criminal misconduct, gross negligence, reckless misconduct, or a conscious, flagrant indifference to the rights or safety of the individual harmed by the volunteer; and

(4) the harm was not caused by the volunteer operating a motor vehicle, vessel, aircraft, or other vehicle for which the State requires the operator or the owner of the vehicle, craft, or vessel to—

(A) possess an operator's license; or

(B) maintain insurance.

(b) Concerning responsibility of volunteers to organizations and entities

Nothing in this section shall be construed to affect any civil action brought by any nonprofit organization or any governmental entity against any volunteer of such organization or entity.

(c) No effect on liability of organization or entity

Nothing in this section shall be construed to affect the liability of any nonprofit organization or governmental entity with respect to harm caused to any person.

(d) Exceptions to volunteer liability protection

If the laws of a State limit volunteer liability subject to one or more of the following conditions, such conditions shall not be construed as inconsistent with this section:

(1) A State law that requires a nonprofit organization or governmental entity to adhere to risk management procedures, including mandatory training of volunteers.

(2) A State law that makes the organization or entity liable for the acts or omissions of its volunteers to the same extent as an employer is liable for the acts or omissions of its employees.

(3) A State law that makes a limitation of liability inapplicable if the civil action was brought by an officer of a State or local government pursuant to State or local law.

(4) A State law that makes a limitation of liability applicable only if the nonprofit organization or governmental entity provides a financially secure source of recovery for individuals who suffer harm as a result of actions taken by a volunteer on behalf of the organization or entity. A financially secure source of recovery may be an insurance policy within specified limits, comparable coverage from a risk pooling mechanism, equivalent assets, or alternative arrangements that satisfy the State that the organization or entity will be able to pay for losses up to a specified amount. Separate standards for different types of liability exposure may be specified.

(e) Limitation on punitive damages based on actions of volunteers

(1) General rule

Punitive damages may not be awarded against a volunteer in an action brought for harm based on the action of a volunteer acting within the scope of the volunteer's responsibilities to a nonprofit organization or governmental entity unless the claimant establishes by clear and

convincing evidence that the harm was proximately caused by an action of such volunteer which constitutes willful or criminal misconduct, or a conscious, flagrant indifference to the rights or safety of the individual harmed.

(2) Construction

Paragraph (1) does not create a cause of action for punitive damages and does not preempt or supersede any Federal or State law to the extent that such law would further limit the award of punitive damages.

(f) Exceptions to limitations on liability

(1) In general

The limitations on the liability of a volunteer under this chapter shall not apply to any misconduct that—

(A) constitutes a crime of violence (as that term is defined in section 16 of title 18) or act of international terrorism (as that term is defined in section 2331 of title 18) for which the defendant has been convicted in any court;

(B) constitutes a hate crime (as that term is used in the Hate Crime Statistics Act (28 U.S.C. 534 note));

(C) involves a sexual offense, as defined by applicable State law, for which the defendant has been convicted in any court;

(D) involves misconduct for which the defendant has been found to have violated a Federal or State civil rights law; or

(E) where the defendant was under the influence (as determined pursuant to applicable State law) of intoxicating alcohol or any drug at the time of the misconduct.

(2) Rule of construction

Nothing in this subsection shall be construed to effect subsection (a)(3) or (e).

(Pub. L. 105–19, §4, June 18, 1997, 111 Stat. 219.)

§14504. Liability for noneconomic loss

(a) General rule

In any civil action against a volunteer, based on an action of a volunteer acting within the scope of the volunteer's responsibilities to a nonprofit organization or governmental entity, the liability of the volunteer for noneconomic loss shall be determined in accordance with subsection (b).

(b) Amount of liability

(1) In general

Each defendant who is a volunteer, shall be liable only for the amount of noneconomic loss allocated to that defendant in direct proportion to the percentage of responsibility of that defendant (determined in accordance with paragraph (2)) for the harm to the claimant with respect to which that defendant is liable. The court shall render a separate judgment against each defendant in an amount determined pursuant to the preceding sentence.

(2) Percentage of responsibility

For purposes of determining the amount of noneconomic loss allocated to a defendant who is a volunteer under this section, the trier of fact shall determine the percentage of responsibility of that defendant for the claimant's harm.

SUBCHAPTER II—EXCHANGE OF CRIMINAL HISTORY RECORDS FOR NONCRIMINAL JUSTICE PURPOSES

§14611. Findings

Congress finds that—

(1) both the Federal Bureau of Investigation and State criminal history record repositories maintain fingerprint-based criminal history records;

(2) these criminal history records are shared and exchanged for criminal justice purposes through a Federal-State program known as the Interstate Identification Index System;

(3) although these records are also exchanged for legally authorized, noncriminal justice uses, such as governmental licensing and employment background checks, the purposes for and procedures by which they are exchanged vary widely from State to State;

(4) an interstate and Federal-State compact is necessary to facilitate authorized interstate criminal history record exchanges for noncriminal justice purposes on a uniform basis, while permitting each State to effectuate its own dissemination policy within its own borders; and

(5) such a compact will allow Federal and State records to be provided expeditiously to governmental and nongovernmental agencies that use such records in accordance with pertinent Federal and State law, while simultaneously enhancing the accuracy of the records and safeguarding the information contained therein from unauthorized disclosure or use.

(Pub. L. 105–251, title II, §212, Oct. 9, 1998, 112 Stat. 1874.)

On the initiative of the Secretary, or on request of an accrediting entity, the Secretary may temporarily or permanently debar an agency from accreditation or a person from approval under this subchapter, but only if—

(A) there is substantial evidence that the agency or person is out of compliance with applicable requirements; and

The Secretary's debarment order shall state whether the debarment is temporary or permanent. If the debarment is temporary, the Secretary shall specify a date, not earlier than 3 years after the date of the order, on or after which the agency or person may apply to the Secretary for withdrawal of the debarment.

(d) Judicial review

A person (other than a prospective adoptive parent), an agency, or an accrediting entity who is the subject of a final action of suspension, cancellation, or debarment by the Secretary under this subchapter may petition the United States District Court for the District of Columbia or the United States district court in the judicial district in which the person resides or the agency or accrediting entity is located to set aside the action. Repeated serious, willful, or grossly negligent failures to comply with the requirements of section 14923(b)(1)(A)(ii) of this title by an agency or person after consultation between Secretary and the accrediting entity with respect to previous noncompliance by such agency or person shall constitute a pattern of serious, willful, or grossly negligent failures to comply under subsection (c)(1)(B).

(4) Failure to comply with certain requirements

A failure to comply with the requirements of section 14923(b)(1)(A)(ii) of this title shall constitute a serious failure to comply under subsection (c)(1)(B) unless it is shown by clear and convincing evidence that such noncompliance had neither the purpose nor the effect of determining the outcome of a decision or proceeding by a court or other competent authority in the United States or the child's country of origin.

CHAPTER 144—DEVELOPMENTAL DISABILITIES ASSISTANCE AND BILL OF RIGHTS

SUBCHAPTER I—PROGRAMS FOR INDIVIDUALS WITH DEVELOPMENTAL DISABILITIES

PART A—GENERAL PROVISIONS

Sec.

PART B—FEDERAL ASSISTANCE TO STATE COUNCILS ON DEVELOPMENTAL DISABILITIES

SUBCHAPTER I—PROGRAMS FOR INDIVIDUALS WITH DEVELOPMENTAL DISABILITIES

PART A—GENERAL PROVISIONS

§15001. Findings, purposes, and policy

(a) Findings

Congress finds that—

(1) disability is a natural part of the human experience that does not diminish the right of individuals with developmental disabilities to live independently, to exert control and choice over

their own lives, and to fully participate in and contribute to their communities through full integration and inclusion in the economic, political, social, cultural, and educational mainstream of United States society;

(2) in 1999, there were between 3,200,000 and 4,500,000 individuals with developmental disabilities in the United States, and recent studies indicate that individuals with developmental disabilities comprise between 1.2 and 1.65 percent of the United States population;

(3) individuals whose disabilities occur during their developmental period frequently have severe disabilities that are likely to continue indefinitely;

(4) individuals with developmental disabilities often encounter discrimination in the provision of critical services, such as services in the areas of emphasis (as defined in section 15002 of this title);

(5) individuals with developmental disabilities are at greater risk than the general population of abuse, neglect, financial and sexual exploitation, and the violation of their legal and human rights;

(6) a substantial portion of individuals with developmental disabilities and their families do not have access to appropriate support and services, including access to assistive technology, from generic and specialized service systems, and remain unserved or underserved;

(7) individuals with developmental disabilities often require lifelong community services, individualized supports, and other forms of assistance, that are most effective when provided in a coordinated manner;

(8) there is a need to ensure that services, supports, and other assistance are provided in a culturally competent manner, that ensures that individuals from racial and ethnic minority backgrounds are fully included in all activities provided under this subchapter;

(9) family members, friends, and members of the community can play an important role in enhancing the lives of individuals with developmental disabilities, especially when the family members, friends, and community members are provided with the necessary community services, individualized supports, and other forms of assistance;

(10) current research indicates that 88 percent of individuals with developmental disabilities live with their families or in their own households;

(11) many service delivery systems and communities are not prepared to meet the impending needs of the 479,862 adults with developmental disabilities who are living at home with parents who are 60 years old or older and who serve as the primary caregivers of the adults;

(12) in almost every State, individuals with developmental disabilities are waiting for appropriate services in their communities, in the areas of emphasis;

(13) the public needs to be made more aware of the capabilities and competencies of individuals with developmental disabilities, particularly in cases in which the individuals are provided with necessary services, supports, and other assistance;

(14) as increasing numbers of individuals with developmental disabilities are living, learning, working, and participating in all aspects of community life, there is an increasing need for a well trained workforce that is able to provide the services, supports, and other forms of direct assistance required to enable the individuals to carry out those activities;

(15) there needs to be greater effort to recruit individuals from minority backgrounds into professions serving individuals with developmental disabilities and their families;

(16) the goals of the Nation properly include a goal of providing individuals with developmental disabilities with the information, skills, opportunities, and support to—

(A) make informed choices and decisions about their lives;

(B) live in homes and communities in which such individuals can exercise their full rights and responsibilities as citizens;

(C) pursue meaningful and productive lives;

(D) contribute to their families, communities, and States, and the Nation;

(E) have interdependent friendships and relationships with other persons;

(F) live free of abuse, neglect, financial and sexual exploitation, and violations of their legal and human rights; and

(G) achieve full integration and inclusion in society, in an individualized manner, consistent

with the unique strengths, resources, priorities, concerns, abilities, and capabilities of each individual; and

(17) as the Nation, States, and communities maintain and expand community living options for individuals with developmental disabilities, there is a need to evaluate the access to those options by individuals with developmental disabilities and the effects of those options on individuals with developmental disabilities.

(b) Purpose

The purpose of this subchapter is to assure that individuals with developmental disabilities and their families participate in the design of and have access to needed community services, individualized supports, and other forms of assistance that promote self-determination, independence, productivity, and integration and inclusion in all facets of community life, through culturally competent programs authorized under this subchapter, including specifically—

(3) The Federal Government and the States both have an obligation to ensure that public funds

are provided only to institutional programs, residential programs, and other community programs, including educational programs in which individuals with developmental disabilities participate, that—

(A) provide treatment, services, and habilitation that are appropriate to the needs of such individuals; and

(B) meet minimum standards relating to—

(v) provision for close relatives or guardians of such individuals to visit the individuals without prior notice.

(4) All programs for individuals with developmental disabilities should meet standards—

(A) that are designed to assure the most favorable possible outcome for those served; and

(B)(i) in the case of residential programs serving individuals in need of comprehensive health-related, habilitative, assistive technology or rehabilitative services, that are at least equivalent to those standards applicable to intermediate care facilities for the mentally retarded, promulgated in regulations of the Secretary on June 3, 1988, as appropriate, taking into account the size of the institutions and the service delivery arrangements of the facilities of the programs;

(ii) in the case of other residential programs for individuals with developmental disabilities, that assure that—

(I) care is appropriate to the needs of the individuals being served by such programs;

(II) the individuals admitted to facilities of such programs are individuals whose needs can be met through services provided by such facilities; and

SUBCHAPTER II—FAMILY SUPPORT

§15091. Findings, purposes, and policy

(a) Findings

Congress makes the following findings:

(1) It is in the best interest of our Nation to preserve, strengthen, and maintain the family.

(2) Families of children with disabilities provide support, care, and training to their children that can save States millions of dollars. Without the efforts of family caregivers, many persons with disabilities would receive care through State-supported out-of-home placements.

(3) Most families of children with disabilities, especially families in unserved and underserved populations, do not have access to family-centered and family-directed services to support such families in their efforts to care for such children at home.

(4) Medical advances and improved health care have increased the life span of many people with disabilities, and the combination of the longer life spans and the aging of family caregivers places a continually increasing demand on the finite service delivery systems of the States.

(5) In 1996, 49 States provided family support initiatives in response to the needs of families of

children with disabilities. Such initiatives included the provision of cash subsidies, respite care, and other forms of support. There is a need in each State, however, to strengthen, expand, and coordinate the activities of a system of family support services for families of children with disabilities that is easily accessible, avoids duplication, uses resources efficiently, and prevents gaps in services to families in all areas of the State.

(6) The goals of the Nation properly include the goal of providing to families of children with disabilities the family support services necessary—

(A) to support the family;

(B) to enable families of children with disabilities to nurture and enjoy their children at home;

(C) to enable families of children with disabilities to make informed choices and decisions regarding the nature of supports, resources, services, and other assistance made available to such families; and

(D) to support family caregivers of adults with disabilities.

(b) Purposes

The purposes of this subchapter are—

(1) to promote and strengthen the implementation of comprehensive State systems of family support services, for families with children with disabilities, that are family-centered and family-directed, and that provide families with the greatest possible decisionmaking authority and control regarding the nature and use of services and support;

(2) to promote leadership by families in planning, policy development, implementation, and evaluation of family support services for families of children with disabilities;

(3) to promote and develop interagency coordination and collaboration between agencies responsible for providing the services; and

(4) to increase the availability of, funding for, access to, and provision of family support services for families of children with disabilities.

(c) Policy

It is the policy of the United States that all programs, projects, and activities funded under this subchapter shall be family-centered and family-directed, and shall be provided in a manner consistent with the goal of providing families of children with disabilities with the support the families need to raise their children at home.

(Pub. L. 106–402, title II, §202, Oct. 30, 2000, 114 Stat. 1728.)

CHAPTER 147—PRISON RAPE ELIMINATION

Sec.

§15601. Findings

Congress makes the following findings:

(1) 2,100,146 persons were incarcerated in the United States at the end of 2001: 1,324,465 in Federal and State prisons and 631,240 in county and local jails. In 1999, there were more than 10,000,000 separate admissions to and discharges from prisons and jails.

(2) Insufficient research has been conducted and insufficient data reported on the extent of prison rape. However, experts have conservatively estimated that at least 13 percent of the inmates in the United States have been sexually assaulted in prison. Many inmates have suffered repeated assaults. Under this estimate, nearly 200,000 inmates now incarcerated have been or will be the victims of prison rape. The total number of inmates who have been sexually assaulted in the past 20 years likely exceeds 1,000,000.

(3) Inmates with mental illness are at increased risk of sexual victimization. America's jails and prisons house more mentally ill individuals than all of the Nation's psychiatric hospitals combined. As many as 16 percent of inmates in State prisons and jails, and 7 percent of Federal inmates, suffer from mental illness.

(4) Young first-time offenders are at increased risk of sexual victimization. Juveniles are 5 times more likely to be sexually assaulted in adult rather than juvenile facilities—often within the first 48 hours of incarceration.

(5) Most prison staff are not adequately trained or prepared to prevent, report, or treat inmate sexual assaults.

(6) Prison rape often goes unreported, and inmate victims often receive inadequate treatment for the severe physical and psychological effects of sexual assault—if they receive treatment at all.

(7) HIV and AIDS are major public health problems within America's correctional facilities. In 2000, 25,088 inmates in Federal and State prisons were known to be infected with HIV/AIDS. In 2000, HIV/AIDS accounted for more than 6 percent of all deaths in Federal and State prisons. Infection rates for other sexually transmitted diseases, tuberculosis, and hepatitis B and C are also

far greater for prisoners than for the American population as a whole. Prison rape undermines the public health by contributing to the spread of these diseases, and often giving a potential death sentence to its victims.

(8) Prison rape endangers the public safety by making brutalized inmates more likely to commit crimes when they are released—as 600,000 inmates are each year.

(9) The frequently interracial character of prison sexual assaults significantly exacerbates interracial tensions, both within prison and, upon release of perpetrators and victims from prison, in the community at large.

(10) Prison rape increases the level of homicides and other violence against inmates and staff, and the risk of insurrections and riots.

(11) Victims of prison rape suffer severe physical and psychological effects that hinder their ability to integrate into the community and maintain stable employment upon their release from prison. They are thus more likely to become homeless and/or require government assistance.

(12) Members of the public and government officials are largely unaware of the epidemic character of prison rape and the day-to-day horror experienced by victimized inmates.

(13) The high incidence of sexual assault within prisons involves actual and potential violations of the United States Constitution. In Farmer v. Brennan, 511 U.S. 825 (1994), the Supreme Court ruled that deliberate indifference to the substantial risk of sexual assault violates prisoners' rights under the Cruel and Unusual Punishments Clause of the Eighth Amendment. The Eighth Amendment rights of State and local prisoners are protected through the Due Process Clause of the Fourteenth Amendment. Pursuant to the power of Congress under Section Five of the Fourteenth Amendment, Congress may take action to enforce those rights in States where officials have demonstrated such indifference. States that do not take basic steps to abate prison rape by adopting standards that do not generate significant additional expenditures demonstrate such indifference. Therefore, such States are not entitled to the same level of Federal benefits as other States.

(14) The high incidence of prison rape undermines the effectiveness and efficiency of United States Government expenditures through grant programs such as those dealing with health care; mental health care; disease prevention; crime prevention, investigation, and prosecution; prison construction, maintenance, and operation; race relations; poverty; unemployment and homelessness. The effectiveness and efficiency of these federally funded grant programs are compromised by the failure of State officials to adopt policies and procedures that reduce the incidence of prison rape in that the high incidence of prison rape—

(A) increases the costs incurred by Federal, State, and local jurisdictions to administer their prison systems;

(B) increases the levels of violence, directed at inmates and at staff, within prisons;

(C) increases health care expenditures, both inside and outside of prison systems, and reduces the effectiveness of disease prevention programs by substantially increasing the incidence and spread of HIV, AIDS, tuberculosis, hepatitis B and C, and other diseases;

(D) increases mental health care expenditures, both inside and outside of prison systems, by substantially increasing the rate of post-traumatic stress disorder, depression, suicide, and the exacerbation of existing mental illnesses among current and former inmates;

(E) increases the risks of recidivism, civil strife, and violent crime by individuals who have been brutalized by prison rape; and

(F) increases the level of interracial tensions and strife within prisons and, upon release of perpetrators and victims, in the community at large.

(15) The high incidence of prison rape has a significant effect on interstate commerce because it increases substantially—

(A) the costs incurred by Federal, State, and local jurisdictions to administer their prison systems;

(B) the incidence and spread of HIV, AIDS, tuberculosis, hepatitis B and C, and other diseases, contributing to increased health and medical expenditures throughout the Nation;

(C) the rate of post-traumatic stress disorder, depression, suicide, and the exacerbation of existing mental illnesses among current and former inmates, contributing to increased health and medical expenditures throughout the Nation; and

(D) the risk of recidivism, civil strife, and violent crime by individuals who have been brutalized by prison rape.

SHORT TITLE

Pub. L. 108–79, §1(a), Sept. 4, 2003, 117 Stat. 972, provided that: "This Act [enacting this chapter] may be cited as the 'Prison Rape Elimination Act of 2003'."

IMPLEMENTING THE PRISON RAPE ELIMINATION ACT

Memorandum of President of the United States, May 17, 2012, 77 F.R. 30873, provided:

Memorandum for the Heads of Executive Departments and Agencies

Sexual violence, against any victim, is an assault on human dignity and an affront to American values. The Prison Rape Elimination Act of 2003 (PREA) was enacted with bipartisan support and established a "zero-tolerance standard" for rape in prisons in the United States. 42 U.S.C. 15602(1).

My Administration, with leadership from the Department of Justice, has worked diligently to implement the principles set out in PREA. Today, the Attorney General finalized a rule adopting national standards to prevent, detect, and respond to prison rape. This rule expresses my Administration's conclusion that PREA applies to all Federal confinement facilities, including those operated by executive departments and agencies (agencies) other than the Department of Justice, whether administered by the Federal Government or by a private organization on behalf of the Federal Government.

Each agency is responsible for, and must be accountable for, the operations of its own confinement facilities, and each agency has extensive expertise regarding its own facilities, particularly those housing unique populations. Thus, each agency is best positioned to determine how to implement the Federal laws and rules that govern its own operations, the conduct of its own employees, and the safety of persons in its custody. To advance the goals of PREA, we must ensure that all agencies that operate confinement facilities adopt high standards to prevent, detect, and respond to sexual abuse. In addition to adopting such standards, the success of PREA in combating sexual abuse in confinement facilities will depend on effective agency and facility leadership and the development of an agency culture that prioritizes efforts to combat sexual abuse.

In order to implement PREA comprehensively across the Federal Government, I hereby direct all agencies with Federal confinement facilities that are not already subject to the Department of Justice's final rule to work with the Attorney General to propose, within 120 days of the date of this memorandum, any rules or procedures necessary to satisfy the requirements of PREA and to finalize any such rules or procedures within 240 days of their proposal.

This memorandum shall be implemented consistent with the requirements of Executive Order 13175 of November 6, 2000 (Consultation and Coordination With Indian Tribal Governments).

This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

The Director of the Office of Management and Budget is hereby authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

§15602. Purposes

The purposes of this chapter are to—

(1) establish a zero-tolerance standard for the incidence of prison rape in prisons in the United States;

(2) make the prevention of prison rape a top priority in each prison system;

(3) develop and implement national standards for the detection, prevention, reduction, and punishment of prison rape;

(4) increase the available data and information on the incidence of prison rape, consequently improving the management and administration of correctional facilities;

(5) standardize the definitions used for collecting data on the incidence of prison rape;

(6) increase the accountability of prison officials who fail to detect, prevent, reduce, and punish prison rape;

(7) protect the Eighth Amendment rights of Federal, State, and local prisoners;

(8) increase the efficiency and effectiveness of Federal expenditures through grant programs such as those dealing with health care; mental health care; disease prevention; crime prevention, investigation, and prosecution; prison construction, maintenance, and operation; race relations; poverty; unemployment; and homelessness; and

(9) reduce the costs that prison rape imposes on interstate commerce.

(Pub. L. 108–79, §3, Sept. 4, 2003, 117 Stat. 974.)

§15603. National prison rape statistics, data, and research

(a) Annual comprehensive statistical review

(1) In general

The Bureau of Justice Statistics of the Department of Justice (in this section referred to as the "Bureau") shall carry out, for each calendar year, a comprehensive statistical review and analysis of the incidence and effects of prison rape. The statistical review and analysis shall include, but not be limited to the identification of the common characteristics of—

(A) both victims and perpetrators of prison rape; and

(B) prisons and prison systems with a high incidence of prison rape.

(2) Considerations

In carrying out paragraph (1), the Bureau shall consider—

(A) how rape should be defined for the purposes of the statistical review and analysis;

(B) how the Bureau should collect information about staff-on-inmate sexual assault;

(C) how the Bureau should collect information beyond inmate self-reports of prison rape;

(D) how the Bureau should adjust the data in order to account for differences among prisons as required by subsection (c)(3);

(E) the categorization of prisons as required by subsection (c)(4); and

(F) whether a preliminary study of prison rape should be conducted to inform the methodology of the comprehensive statistical review.

(3) Solicitation of views

The Bureau of Justice Statistics shall solicit views from representatives of the following: State departments of correction; county and municipal jails; juvenile correctional facilities; former inmates; victim advocates; researchers; and other experts in the area of sexual assault.

(4) Sampling techniques

The review and analysis under paragraph (1) shall be based on a random sample, or other scientifically appropriate sample, of not less than 10 percent of all Federal, State, and county prisons, and a representative sample of municipal prisons. The selection shall include at least one prison from each State. The selection of facilities for sampling shall be made at the latest practicable date prior to conducting the surveys and shall not be disclosed to any facility or prison system official prior to the time period studied in the survey. Selection of a facility for sampling during any year shall not preclude its selection for sampling in any subsequent year.

(5) Surveys

In carrying out the review and analysis under paragraph (1), the Bureau shall, in addition to such other methods as the Bureau considers appropriate, use surveys and other statistical studies of current and former inmates from a sample of Federal, State, county, and municipal prisons. The Bureau shall ensure the confidentiality of each survey participant, except as authorized in paragraph (7).

(6) Participation in survey

Federal, State, or local officials or facility administrators that receive a request from the Bureau under subsection (a)(4) or (5) will be required to participate in the national survey and provide access to any inmates under their legal custody.

(7) Reporting on child abuse and neglect

Nothing in section 3735 or 3789g of this title or any other provision of law, including paragraph (5), shall prevent the Bureau (including its agents), in carrying out the review and analysis under paragraph (1), from reporting to the designated public officials such information (and only such information) regarding child abuse or child neglect with respect to which the statutes or regulations of a State (or a political subdivision thereof) require prompt reporting.

(b) Review Panel on Prison Rape

(1) Establishment

To assist the Bureau in carrying out the review and analysis under subsection (a), there is established, within the Department of Justice, the Review Panel on Prison Rape (in this section referred to as the "Panel").

(2) Membership

(A) Composition

The Panel shall be composed of 3 members, each of whom shall be appointed by the Attorney General, in consultation with the Secretary of Health and Human Services.

(B) Qualifications

Members of the Panel shall be selected from among individuals with knowledge or expertise in matters to be studied by the Panel.

(3) Public hearings

(A) In general

The duty of the Panel shall be to carry out, for each calendar year, public hearings concerning the operation of the three prisons with the highest incidence of prison rape and the two prisons with the lowest incidence of prison rape in each category of facilities identified under subsection (c)(4). The Panel shall hold a separate hearing regarding the three Federal or State prisons with the highest incidence of prison rape. The purpose of these hearings shall be to collect evidence to aid in the identification of common characteristics of both victims and perpetrators of prison rape, and the identification of common characteristics of prisons and prison systems with a high incidence of prison rape, and the identification of common characteristics of prisons and prison systems that appear to have been successful in deterring prison rape.

(B) Testimony at hearings

(i) Public officials

In carrying out the hearings required under subparagraph (A), the Panel shall request the public testimony of Federal, State, and local officials (and organizations that represent such officials), including the warden or director of each prison, who bears responsibility for the prevention, detection, and punishment of prison rape at each entity, and the head of the prison system encompassing such prison.

(ii) Victims

The Panel may request the testimony of prison rape victims, organizations representing such victims, and other appropriate individuals and organizations.

(C) Subpoenas

(i) Issuance

The Panel may issue subpoenas for the attendance of witnesses and the production of

written or other matter.

(ii) Enforcement

In the case of contumacy or refusal to obey a subpoena, the Attorney General may in a Federal court of appropriate jurisdiction obtain an appropriate order to enforce the subpoena.

(c) Reports

(1) In general

Not later than June 30 of each year, the Attorney General shall submit a report on the activities of the Bureau and the Review Panel, with respect to prison rape, for the preceding calendar year to—

(A) Congress; and

(B) the Secretary of Health and Human Services.

(2) Contents

The report required under paragraph (1) shall include—

(A) with respect to the effects of prison rape, statistical, sociological, and psychological data;

(B) with respect to the incidence of prison rape—

(i) statistical data aggregated at the Federal, State, prison system, and prison levels;

(ii) a listing of those institutions in the representative sample, separated into each category identified under subsection (c)(4) and ranked according to the incidence of prison rape in each institution; and

(iii) an identification of those institutions in the representative sample that appear to have been successful in deterring prison rape; and

(C) a listing of any prisons in the representative sample that did not cooperate with the survey conducted pursuant to this section.

(3) Data adjustments

In preparing the information specified in paragraph (2), the Attorney General shall use established statistical methods to adjust the data as necessary to account for differences among institutions in the representative sample, which are not related to the detection, prevention, reduction and punishment of prison rape, or which are outside the control of the State, prison, or prison system, in order to provide an accurate comparison among prisons. Such differences may include the mission, security level, size, and jurisdiction under which the prison operates. For each such adjustment made, the Attorney General shall identify and explain such adjustment in the report.

(4) Categorization of prisons

The report shall divide the prisons surveyed into three categories. One category shall be composed of all Federal and State prisons. The other two categories shall be defined by the Attorney General in order to compare similar institutions.

(d) Contracts and grants

In carrying out its duties under this section, the Attorney General may—

(1) provide grants for research through the National Institute of Justice; and

(2) contract with or provide grants to any other entity the Attorney General deems appropriate.

(e) Authorization of appropriations

There are authorized to be appropriated $15,000,000 for each of fiscal years 2004 through 2010 to carry out this section.

(Pub. L. 108–79, §4, Sept. 4, 2003, 117 Stat. 975; Pub. L. 109–108, title I, §113(a), Nov. 22, 2005, 119 Stat. 2305.)

§15605. Grants to protect inmates and safeguard communities

(a) Grants authorized

From amounts made available for grants under this section, the Attorney General shall make grants to States to assist those States in ensuring that budgetary circumstances (such as reduced State and local spending on prisons) do not compromise efforts to protect inmates (particularly from prison rape) and to safeguard the communities to which inmates return. The purpose of grants under this section shall be to provide funds for personnel, training, technical assistance, data collection, and equipment to prevent and prosecute prisoner rape.

(b) Use of grant amounts

(2) Contents

Each application required by paragraph (1) shall—

(A)(i) include the certification of the chief executive that the State receiving such grant has adopted all national prison rape standards that, as of the date on which the application was submitted, have been promulgated under this chapter; or

(iii) explain the extent to which officials (including law enforcement officials) of State and local governments and victims of crime will be consulted regarding decisions whether, or how, to moderate the growth of the State's prison population.

(e) Reports by grantee

(1) In general

The Attorney General shall require each grantee to submit, not later than 90 days after the end of the period for which the grant was made under this section, a report on the activities carried out under the grant. The report shall identify and describe those activities and shall contain an evaluation of the effect of those activities on—

(A) the number of incidents of prison rape, and the grantee's response to such incidents; and

(B) the safety of the prisons, and the safety of the communities in which released inmates are present.

CHAPTER 148—WINDSTORM IMPACT REDUCTION

Sec.

§15701. Findings

The Congress finds the following:

(1) Hurricanes, tropical storms, tornadoes, and thunderstorms can cause significant loss of life, injury, destruction of property, and economic and social disruption. All States and regions are vulnerable to these hazards.

(2) The United States currently sustains several billion dollars in economic damages each year due to these windstorms. In recent decades, rapid development and population growth in high-risk areas has greatly increased overall vulnerability to windstorms.

(3) Improved windstorm impact reduction measures have the potential to reduce these losses through—

(A) cost-effective and affordable design and construction methods and practices;

(B) effective mitigation programs at the local, State, and national level;

(C) improved data collection and analysis and impact prediction methodologies;

(D) engineering research on improving new structures and retrofitting existing ones to better withstand windstorms, atmospheric-related research to better understand the behavior and impact of windstorms on the built environment, and subsequent application of those research results; and

(E) public education and outreach.

(4) There is an appropriate role for the Federal Government in supporting windstorm impact

reduction. An effective Federal program in windstorm impact reduction will require interagency coordination, and input from individuals, academia, the private sector, and other interested non-Federal entities.

PART C—HYDROELECTRIC

§15881. Hydroelectric production incentives

(a) Incentive payments

For electric energy generated and sold by a qualified hydroelectric facility during the incentive period, the Secretary shall make, subject to the availability of appropriations, incentive payments to the owner or operator of such facility. The amount of such payment made to any such owner or operator shall be as determined under subsection (e) of this section. Payments under this section may only be made upon receipt by the Secretary of an incentive payment application which establishes that the applicant is eligible to receive such payment and which satisfies such other requirements as the Secretary deems necessary. Such application shall be in such form, and shall be submitted at such time, as the Secretary shall establish.

(b) Definitions

For purposes of this section:

(1) Qualified hydroelectric facility

The term "qualified hydroelectric facility" means a turbine or other generating device owned or solely operated by a non-Federal entity which generates hydroelectric energy for sale and which is added to an existing dam or conduit.

(2) Existing dam or conduit

The term "existing dam or conduit" means any dam or conduit the construction of which was completed before August 8, 2005, and which does not require any construction or enlargement of impoundment or diversion structures (other than repair or reconstruction) in connection with the installation of a turbine or other generating device.

(3) Conduit

The term "conduit" has the same meaning as when used in section 823a(a)(2) of title 16.

The terms defined in this subsection shall apply without regard to the hydroelectric kilowatt capacity of the facility concerned, without regard to whether the facility uses a dam owned by a governmental or nongovernmental entity, and without regard to whether the facility begins operation on or after August 8, 2005.

(c) Eligibility window

Payments may be made under this section only for electric energy generated from a qualified hydroelectric facility which begins operation during the period of 10 fiscal years beginning with the first full fiscal year occurring after August 8, 2005.

(d) Incentive period

A qualified hydroelectric facility may receive payments under this section for a period of 10 fiscal years (referred to in this section as the "incentive period"). Such period shall begin with the fiscal year in which electric energy generated from the facility is first eligible for such payments.

(e) Amount of payment

(1) In general

Payments made by the Secretary under this section to the owner or operator of a qualified hydroelectric facility shall be based on the number of kilowatt hours of hydroelectric energy generated by the facility during the incentive period. For any such facility, the amount of such payment shall be 1.8 cents per kilowatt hour (adjusted as provided in paragraph (2)), subject to the availability of appropriations under subsection (g), except that no facility may receive more than $750,000 in 1 calendar year.

(2) Adjustments

The amount of the payment made to any person under this section as provided in paragraph (1) shall be adjusted for inflation for each fiscal year beginning after calendar year 2005 in the same manner as provided in the provisions of section 29(d)(2)(B) [1] of title 26, except that in applying such provisions the calendar year 2005 shall be substituted for calendar year 1979.

(f) Sunset

No payment may be made under this section to any qualified hydroelectric facility after the expiration of the period of 20 fiscal years beginning with the first full fiscal year occurring after August 8, 2005, and no payment may be made under this section to any such facility after a payment has been made with respect to such facility for a period of 10 fiscal years.

(g) Authorization of appropriations

There are authorized to be appropriated to the Secretary to carry out the purposes of this section $10,000,000 for each of the fiscal years 2006 through 2015.

§15882. Hydroelectric efficiency improvement

(a) Incentive payments

The Secretary shall make incentive payments to the owners or operators of hydroelectric facilities at existing dams to be used to make capital improvements in the facilities that are directly related to improving the efficiency of such facilities by at least 3 percent.

(b) Limitations

Incentive payments under this section shall not exceed 10 percent of the costs of the capital improvement concerned and not more than 1 payment may be made with respect to improvements at a single facility. No payment in excess of $750,000 may be made with respect to improvements at a single facility.

(c) Authorization of appropriations

There are authorized to be appropriated to carry out this section not more than $10,000,000 for each of the fiscal years 2006 through 2015.

PART D—INSULAR ENERGY

§15891. Projects enhancing insular energy independence

(a) Project feasibility studies

(1) In general

On a request described in paragraph (2), the Secretary shall conduct a feasibility study of a project to implement a strategy or project identified in the plans submitted to Congress pursuant to section 1492 of title 48 as having the potential to—

(A) significantly reduce the dependence of an insular area on imported fossil fuels; or

(B) provide needed distributed generation to an insular area.

(2) Request

The Secretary shall conduct a feasibility study under paragraph (1) on—

(A) the request of an electric utility located in an insular area that commits to fund at least 10

percent of the cost of the study; and

(B) if the electric utility is located in the Federated States of Micronesia, the Republic of the Marshall Islands, or the Republic of Palau, written support for that request by the President or the Ambassador of the affected freely associated state.

(3) Consultation

The Secretary shall consult with regional utility organizations in—

(A) conducting feasibility studies under paragraph (1); and

(B) determining the feasibility of potential projects.

(4) Feasibility

For the purpose of a feasibility study under paragraph (1), a project shall be determined to be feasible if the project would significantly reduce the dependence of an insular area on imported fossil fuels, or provide needed distributed generation to an insular area, at a reasonable cost.

(b) Implementation

(1) In general

On a determination by the Secretary (in consultation with the Secretary of the Interior) that a project is feasible under subsection (a) and a commitment by an electric utility to operate and maintain the project, the Secretary may provide such technical and financial assistance as the Secretary determines is appropriate for the implementation of the project.

(2) Regional utility organizations

In providing assistance under paragraph (1), the Secretary shall consider providing the assistance through regional utility organizations.

(c) Authorization of appropriations

(1) In general

There are authorized to be appropriated to the Secretary—

(A) $500,000 for each fiscal year for project feasibility studies under subsection (a); and

(B) $4,000,000 for each fiscal year for project implementation under subsection (b).

(2) Limitation of funds received by insular areas

No insular area may receive, during any 3-year period, more than 20 percent of the total funds made available during that 3-year period under subparagraphs (A) and (B) of paragraph (1) unless the Secretary determines that providing funding in excess of that percentage best advances existing opportunities to meet the objectives of this section.

§15902. Program on oil and gas royalties in-kind

(a) Applicability of section

Notwithstanding any other provision of law, this section applies to all royalty in-kind accepted by the Secretary on or after August 8, 2005, under any Federal oil or gas lease or permit under—

(1) section 192 of title 30;

(2) section 1353 of title 43; or

(3) any other Federal law governing leasing of Federal land for oil and gas development.

(b) Terms and conditions

All royalty accruing to the United States shall, on the demand of the Secretary, be paid in-kind. If the Secretary makes such a demand, the following provisions apply to the payment:

(1) Satisfaction of royalty obligation

Delivery by, or on behalf of, the lessee of the royalty amount and quality due under the lease satisfies royalty obligation of the lessee for the amount delivered, except that transportation and processing reimbursements paid to, or deductions claimed by, the lessee shall be subject to review and audit.

(2) Marketable condition

(A) Definition of marketable condition

In this paragraph, the term "in marketable condition" means sufficiently free from impurities and otherwise in a condition that the royalty production will be accepted by a purchaser under a sales contract typical of the field or area in which the royalty production was produced.

(B) Requirement

Royalty production shall be placed in marketable condition by the lessee at no cost to the United States.

(3) Disposition by the Secretary

The Secretary may—

(A) sell or otherwise dispose of any royalty production taken in-kind (other than oil or gas transferred under section 1353(a)(3) of title 43 [1] for not less than the market price; and

(B) transport or process (or both) any royalty production taken in-kind.

(4) Retention by the Secretary

The Secretary may, notwithstanding section 3302 of title 31, retain and use a portion of the revenues from the sale of oil and gas taken in-kind that otherwise would be deposited to miscellaneous receipts, without regard to fiscal year limitation, or may use oil or gas received as royalty taken in-kind (referred to in this paragraph as "royalty production") to pay the cost of—

(A) transporting the royalty production;

(B) processing the royalty production;

(C) disposing of the royalty production; or

(D) any combination of transporting, processing, and disposing of the royalty production.

(5) Limitation

(A) In general

Except as provided in subparagraph (B), the Secretary may not use revenues from the sale of oil and gas taken in-kind to pay for personnel, travel, or other administrative costs of the

Federal Government.

(B) Exception

Notwithstanding subparagraph (A), the Secretary may use a portion of the revenues from royalty in-kind sales, without fiscal year limitation, to pay salaries and other administrative costs directly related to the royalty in-kind program.

(c) Reimbursement of cost

If the lessee, pursuant to an agreement with the United States or as provided in the lease, processes the royalty gas or delivers the royalty oil or gas at a point not on or adjacent to the lease area, the Secretary shall—

(1) reimburse the lessee for the reasonable costs of transportation (not including gathering) from the lease to the point of delivery or for processing costs; or

(2) allow the lessee to deduct the transportation or processing costs in reporting and paying royalties in-value for other Federal oil and gas leases.

(d) Benefit to the United States required

The Secretary may receive oil or gas royalties in-kind only if the Secretary determines that receiving royalties in-kind provides benefits to the United States that are greater than or equal to the benefits that are likely to have been received had royalties been taken in-value.

(e) Deduction of expenses

(1) In general

Before making payments under section 191 of title 30 or section 1337(g) of title 43 of revenues derived from the sale of royalty production taken in-kind from a lease, the Secretary shall deduct amounts paid or deducted under subsections (b)(4) and (c) and deposit the amount of the deductions in the miscellaneous receipts of the Treasury.

(2) Accounting for deductions

When the Secretary allows the lessee to deduct transportation or processing costs under subsection (c), the Secretary may not reduce any payments to recipients of revenues derived from any other Federal oil and gas lease as a consequence of that deduction.

(f) Consultation with States

The Secretary—

(1) shall consult with a State before conducting a royalty in-kind program under this part within the State;

(2) may delegate management of any portion of the Federal royalty in-kind program to the State except as otherwise prohibited by Federal law; and

(3) shall consult annually with any State from which Federal oil or gas royalty is being taken in-kind to ensure, to the maximum extent practicable, that the royalty in-kind program provides revenues to the State greater than or equal to the revenues likely to have been received had royalties been taken in-value.

(g) Small refineries

(1) Preference

If the Secretary finds that sufficient supplies of crude oil are not available in the open market to refineries that do not have their own source of supply for crude oil, the Secretary may grant preference to those refineries in the sale of any royalty oil accruing or reserved to the United States under Federal oil and gas leases issued under any mineral leasing law, for processing or use in those refineries at private sale at not less than the market price.

(2) Proration among refineries in production area

In disposing of oil under this subsection, the Secretary may, at the discretion of the Secretary, prorate the oil among refineries described in paragraph (1) in the area in which the oil is produced.

(h) Disposition to Federal agencies

(1) Onshore royalty

Any royalty oil or gas taken by the Secretary in-kind from onshore oil and gas leases may be sold at not less than the market price to any Federal agency.

(2) Offshore royalty

Any royalty oil or gas taken in-kind from a Federal oil or gas lease on the outer Continental Shelf may be disposed of only under section 1353 of title 43.

(i) Federal low-income energy assistance programs

(1) Preference

In disposing of royalty oil or gas taken in-kind under this section, the Secretary may grant a preference to any person, including any Federal or State agency, for the purpose of providing additional resources to any Federal low-income energy assistance program.

(2) Report

Not later than 3 years after August 8, 2005, the Secretary shall submit a report to Congress—

(A) assessing the effectiveness of granting preferences specified in paragraph (1); and

(B) providing a specific recommendation on the continuation of authority to grant preferences.

§15903. Marginal property production incentives

(a) Definition of marginal property

Until such time as the Secretary issues regulations under subsection (e) that prescribe a different definition, in this section, the term "marginal property" means an onshore unit, communitization agreement, or lease not within a unit or communitization agreement, that produces on average the combined equivalent of less than 15 barrels of oil per well per day or 90,000,000 British thermal units of gas per well per day calculated based on the average over the 3 most recent production months, including only wells that produce on more than half of the days during those 3 production months.

(b) Conditions for reduction of royalty rate

Until such time as the Secretary issues regulations under subsection (e) that prescribe different standards or requirements, the Secretary shall reduce the royalty rate on—

(1) oil production from marginal properties as prescribed in subsection (c) if the spot price of West Texas Intermediate crude oil at Cushing, Oklahoma, is, on average, less than $15 per barrel (adjusted in accordance with the Consumer Price Index for all-urban consumers, United States city

average, as published by the Bureau of Labor Statistics) for 90 consecutive trading days; and

(2) gas production from marginal properties as prescribed in subsection (c) if the spot price of natural gas delivered at Henry Hub, Louisiana, is, on average, less than $2.00 per million British thermal units (adjusted in accordance with the Consumer Price Index for all-urban consumers, United States city average, as published by the Bureau of Labor Statistics) for 90 consecutive trading days.

(c) Reduced royalty rate

(1) In general

When a marginal property meets the conditions specified in subsection (b), the royalty rate shall be the lesser of—

(A) 5 percent; or

(B) the applicable rate under any other statutory or regulatory royalty relief provision that applies to the affected production.

(2) Period of effectiveness

The reduced royalty rate under this subsection shall be effective beginning on the first day of the production month following the date on which the applicable condition specified in subsection (b) is met.

(d) Termination of reduced royalty rate

A royalty rate prescribed in subsection (c)(1) shall terminate—

(1) with respect to oil production from a marginal property, on the first day of the production month following the date on which—

(A) the spot price of West Texas Intermediate crude oil at Cushing, Oklahoma, on average, exceeds $15 per barrel (adjusted in accordance with the Consumer Price Index for all-urban consumers, United States city average, as published by the Bureau of Labor Statistics) for 90 consecutive trading days; or

(B) the property no longer qualifies as a marginal property; and

(2) with respect to gas production from a marginal property, on the first day of the production month following the date on which—

(A) the spot price of natural gas delivered at Henry Hub, Louisiana, on average, exceeds $2.00 per million British thermal units (adjusted in accordance with the Consumer Price Index for all-urban consumers, United States city average, as published by the Bureau of Labor Statistics) for 90 consecutive trading days; or

(B) the property no longer qualifies as a marginal property.

(e) Regulations prescribing different relief

(1) Discretionary regulations

The Secretary may by regulation prescribe different parameters, standards, and requirements for, and a different degree or extent of, royalty relief for marginal properties in lieu of those prescribed in subsections (a) through (d).

(2) Mandatory regulations

Unless a determination is made under paragraph (3), not later than 18 months after August 8, 2005, the Secretary shall by regulation—

(A) prescribe standards and requirements for, and the extent of royalty relief for, marginal properties for oil and gas leases on the outer Continental Shelf; and

(B) define what constitutes a marginal property on the outer Continental Shelf for purposes of this section.

(3) Report

To the extent the Secretary determines that it is not practicable to issue the regulations referred to in paragraph (2), the Secretary shall provide a report to Congress explaining such determination

by not later than 18 months after August 8, 2005.

(4) Considerations

In issuing regulations under this subsection, the Secretary may consider—

(A) oil and gas prices and market trends;

(B) production costs;

(C) abandonment costs;

(D) Federal and State tax provisions and the effects of those provisions on production economics;

(E) other royalty relief programs;

(F) regional differences in average wellhead prices;

(G) national energy security issues; and

(H) other relevant matters, as determined by the Secretary.

(f) Savings provision

Nothing in this section prevents a lessee from receiving royalty relief or a royalty reduction pursuant to any other law (including a regulation) that provides more relief than the amounts provided by this section.

(Pub. L. 109–58, title III, §343, Aug. 8, 2005, 119 Stat. 700.)

§15904. Incentives for natural gas production from deep wells in the shallow waters of the Gulf of Mexico

(a) Royalty incentive regulations for ultra deep gas wells

(1) In general

Not later than 180 days after August 8, 2005, in addition to any other regulations that may provide royalty incentives for natural gas produced from deep wells on oil and gas leases issued pursuant to the Outer Continental Shelf Lands Act (43 U.S.C. 1331 et seq.), the Secretary shall issue regulations granting royalty relief suspension volumes of not less than 35 billion cubic feet with respect to the production of natural gas from ultra deep wells on leases issued in shallow waters less than 400 meters deep located in the Gulf of Mexico wholly west of 87 degrees, 30 minutes west longitude. Regulations issued under this subsection shall be retroactive to the date that the notice of proposed rulemaking is published in the Federal Register.

(2) Suspension volumes

The Secretary may grant suspension volumes of not less than 35 billion cubic feet in any case in which—

(A) the ultra deep well is a sidetrack; or

(B) the lease has previously produced from wells with a perforated interval the top of which is at least 15,000 feet true vertical depth below the datum at mean sea level.

(3) Definitions

In this subsection:

(A) Ultra deep well

The term "ultra deep well" means a well drilled with a perforated interval, the top of which is at least 20,000 true vertical depth below the datum at mean sea level.

(B) Sidetrack

(i) In general

The term "sidetrack" means a well resulting from drilling an additional hole to a new objective bottom-hole location by leaving a previously drilled hole.

(ii) Inclusion

The term "sidetrack" includes—

(I) drilling a well from a platform slot reclaimed from a previously drilled well;

(II) re-entering and deepening a previously drilled well; and

(III) a bypass from a sidetrack, including drilling around material blocking a hole or drilling to straighten a crooked hole.

(b) Royalty incentive regulations for deep gas wells

Not later than 180 days after August 8, 2005, in addition to any other regulations that may provide royalty incentives for natural gas produced from deep wells on oil and gas leases issued pursuant to the Outer Continental Shelf Lands Act (43 U.S.C. 1331 et seq.), the Secretary shall issue regulations granting royalty relief suspension volumes with respect to production of natural gas from deep wells on leases issued in waters more than 200 meters but less than 400 meters deep located in the Gulf of Mexico wholly west of 87 degrees, 30 minutes west longitude. The suspension volumes for deep wells within 200 to 400 meters of water depth shall be calculated using the same methodology used to calculate the suspension volumes for deep wells in the shallower waters of the Gulf of Mexico, and in no case shall the suspension volumes for deep wells within 200 to 400 meters of water depth be lower than those for deep wells in shallower waters. Regulations issued under this subsection shall be retroactive to the date that the notice of proposed rulemaking is published in the Federal Register.

(c) Limitations

The Secretary may place limitations on the royalty relief granted under this section based on market price. The royalty relief granted under this section shall not apply to a lease for which deep water royalty relief is available.

§15909. Gas hydrate production incentive

(a) Purpose

The purpose of this section is to promote natural gas production from the natural gas hydrate resources on the outer Continental Shelf and Federal lands in Alaska by providing royalty incentives.

(b) Suspension of royalties

(1) In general

The Secretary may grant royalty relief in accordance with this section for natural gas produced from gas hydrate resources under an eligible lease.

(2) Eligible leases

A lease shall be an eligible lease for purposes of this section if—

(A) it is issued under the Outer Continental Shelf Lands Act (43 U.S.C. 1331 et seq.), or is an oil and gas lease issued for onshore Federal lands in Alaska;

(B) it is issued prior to January 1, 2016; and

(C) production under the lease of natural gas from gas hydrate resources commences prior to January 1, 2018.

(3) Amount of relief

The Secretary shall conduct a rulemaking and grant royalty relief under this section as a suspension volume if the Secretary determines that such royalty relief would encourage production of natural gas from gas hydrate resources from an eligible lease. The maximum suspension volume shall be 30 billion cubic feet of natural gas per lease. Such relief shall be in addition to any other royalty relief under any other provision applicable to the lease that does not specifically grant a gas hydrate production incentive. Such royalty suspension volume shall be applied to any eligible production occurring on or after the date of publication of the advanced notice of proposed rulemaking.

(4) Limitation

The Secretary may place limitations on royalty relief granted under this section based on market price.

(c) Application

This section shall apply to any eligible lease issued before, on, or after August 8, 2005.

(d) Rulemakings

(1) Requirement

The Secretary shall publish the advanced notice of proposed rulemaking within 180 days after August 8, 2005, and complete the rulemaking implementing this section within 365 days after August 8, 2005.

(2) Gas hydrate resources defined

Such regulations shall define the term "gas hydrate resources" to include both the natural gas content of gas hydrates within the hydrate stability zone and free natural gas trapped by and beneath the hydrate stability zone.

(e) Review

Not later than 365 days after August 8, 2005, the Secretary, in consultation with the Secretary of Energy, shall carry out a review of, and submit to Congress a report on, further opportunities to enhance production of natural gas from gas hydrate resources on the outer Continental Shelf and on Federal lands in Alaska through the provision of other production incentives or through technical or financial assistance.

§15910. Enhanced oil and natural gas production through carbon dioxide

injection

(a) Production incentive

(1) Findings

Congress finds the following:

(A) Approximately two-thirds of the original oil in place in the United States remains unproduced.

(B) Enhanced oil and natural gas production from the sequestering of carbon dioxide and other appropriate gases has the potential to increase oil and natural gas production.

(C) Capturing and productively using carbon dioxide would help reduce the carbon intensity of the economy.

(2) Purpose

The purpose of this section is—

(A) to promote the capturing, transportation, and injection of produced carbon dioxide, natural carbon dioxide, and other appropriate gases or other matter for sequestration into oil and gas fields; and

(B) to promote oil and natural gas production from the outer Continental Shelf and onshore Federal lands under lease by providing royalty incentives to use enhanced recovery techniques using injection of the substances referred to in subparagraph (A).

(b) Suspension of royalties

(1) In general

If the Secretary determines that reduction of the royalty under a Federal oil and gas lease that is an eligible lease is in the public interest and promotes the purposes of this section, the Secretary shall undertake a rulemaking to provide for such reduction for an eligible lease.

(2) Rulemakings

The Secretary shall publish the advanced notice of proposed rulemaking within 180 days after August 8, 2005, and complete the rulemaking implementing this section within 365 days after August 8, 2005.

(3) Eligible leases

A lease shall be an eligible lease for purposes of this section if—

(A) it is a lease for production of oil and gas from the outer Continental Shelf or Federal onshore lands;

(B) the injection of the substances referred to in subsection (a)(2)(A) will be used as an enhanced recovery technique on such lease; and

(C) the Secretary determines that the lease contains oil or gas that would not likely be produced without the royalty reduction provided under this section.

(4) Amount of relief

The rulemaking shall provide for a suspension volume, which shall not exceed 5,000,000 barrels of oil equivalent for each eligible lease. Such suspension volume shall be applied to any production from an eligible lease occurring on or after the date of publication of any advanced notice of proposed rulemaking under this subsection.

(5) Limitation

The Secretary may place limitations on the royalty reduction granted under this section based on market price.

(6) Application

This section shall apply to any eligible lease issued before, on, or after August 8, 2005.

(c) Demonstration program

(iii) an estimate of the carbon dioxide sequestered by project, over the life of the project;

(iv) a plan to collect and disseminate data relating to each project to be funded by the grant;

(v) a description of the means by which the project will be sustainable without Federal assistance after the completion of the term of the grant;

(vi) a complete description of the costs of the project, including acquisition, construction, operation, and maintenance costs over the expected life of the project;

(vii) a description of which costs of the project will be supported by Federal assistance under this section; and

(viii) a description of any secondary or tertiary recovery efforts in the field and the efficacy of water flood recovery techniques used.

(3) Partners

An applicant for a grant under paragraph (1) may carry out a project under a pilot program in partnership with 1 or more other public or private entities.

(4) Selection criteria

In evaluating applications under this subsection, the Secretary of Energy shall—

(A) consider the previous experience with similar projects of each applicant; and

(B) give priority consideration to applications that—

(i) are most likely to maximize production of oil and gas in a cost-effective manner;

(ii) sequester significant quantities of carbon dioxide from anthropogenic sources;

(iii) demonstrate the greatest commitment on the part of the applicant to ensure funding for the proposed project and the greatest likelihood that the project will be maintained or expanded after Federal assistance under this section is completed; and

PERMITTING, AND REVIEW

Memorandum of President of the United States, June 7, 2013, 78 F.R. 35539, provided:

Memorandum for the Heads of Executive Departments and Agencies

Our Nation's electric transmission grid is the backbone of our economy, a key factor in future economic growth, and a critical component of our energy security. Countries that harness the power of clean, renewable energy will be best positioned to thrive in the global economy while protecting the environment and increasing prosperity. In order to ensure the growth of America's clean energy economy and improve energy security, we must modernize and expand our electric transmission grid. Modernizing our grid will improve energy reliability and resiliency, allowing us to minimize power outages and manage cyber-security threats. By diversifying power sources and reducing congestion, a modernized grid will also create cost savings for consumers and spur economic growth.

Modernizing our Nation's electric transmission grid requires improvements in how transmission lines are sited, permitted, and reviewed. As part of our efforts to improve the performance of Federal siting, permitting, and review processes for infrastructure development, my Administration created a Rapid Response Team for Transmission (RRTT), a collaborative effort involving nine different executive departments and agencies (agencies), which is working to improve the efficiency and effectiveness of transmission siting, permitting, and review, increase interagency coordination and transparency, and increase the predictability of the siting, permitting, and review processes. In furtherance of Executive Order 13604 of March 22, 2012 (Improving Performance of Federal Permitting and Review of Infrastructure Projects), this memorandum builds upon the work of the RRTT to improve the Federal siting, permitting, and review processes for transmission projects. Because a single project may cross multiple governmental jurisdictions over hundreds of miles, robust collaboration among Federal, State, local, and tribal governments must be a critical component of this effort.

An important avenue to improve these processes is the designation of energy right-of-way corridors (energy corridors) on Federal lands. Section 368 of the Energy Policy Act of 2005 (the "Act") (42 U.S.C. 15926), requires the Secretaries of Agriculture, Commerce, Defense, Energy, and the Interior (Secretaries) to undertake a continued effort to identify and designate such energy corridors. Energy corridors include areas on Federal lands that are most suitable for siting transmission projects because the chosen areas minimize regulatory conflicts and impacts on environmental and cultural resources, and also address concerns of local communities. Designated energy corridors provide an opportunity to co-locate projects and share environmental and cultural resource impact data to reduce overall impacts on environmental and cultural resources and reduce the need for land use plan amendments in support of the authorization of transmission rights-of-way. The designation of energy corridors can help expedite the siting, permitting, and review processes for projects within such corridors, as well as improve the predictability and transparency of these processes. Pursuant to the Act, in 2009, the Secretaries of the Interior and Agriculture each designated energy corridors for the 11 contiguous Western States, as defined in section 368 of the Act. Energy corridors have not yet been designated in States other than those identified as Western States. It is important that agencies build on their existing efforts in a coordinated manner.

By the authority vested in me as President by the Constitution and the laws of the United States of America, I hereby direct the following:

SECTION 1. *Principles for Establishing Energy Corridors*. (a) In carrying out the requirements of this memorandum regarding energy corridors, the Secretaries shall:

(i) collaborate with Member Agencies of the Steering Committee on Federal Infrastructure Permitting and Review Process Improvement (Steering Committee), established by Executive Order 13604, which shall provide prompt and adequate information to ensure that additional corridor designations and revisions are consistent with the statutory responsibilities and activities of the Member Agencies and enable timely actions by the Secretaries;

(ii) focus on facilitating renewable energy resources and improving grid resiliency and comply with the requirements in section 368 of the Act, by ensuring that energy corridors address the need for upgraded and new electric transmission and distribution facilities to improve reliability, relieve congestion, and enhance the capability of the national grid to deliver electricity;

(iii) use integrated project planning and consult with other Federal agencies, State, local, and tribal governments, non-governmental organizations, and the public early in the process of designating the energy corridors, so as to avoid resource conflicts to the extent practicable and make strategic decisions to balance policy priorities;

(iv) collaborate with State, local, and tribal governments to ensure, to the extent practicable, that energy corridors can connect effectively between Federal lands;

(v) minimize the proliferation of dispersed and duplicative rights-of-way crossing Federal lands while acting consistent with subsection (a)(ii) of this section;

(vi) design energy corridors to minimize impacts on environmental and cultural resources to the extent practicable, including impacts that may occur outside the boundaries of Federal lands, and minimize impacts on the Nation's aviation system and the mission of the Armed Forces; and

(vii) develop interagency mitigation plans, where appropriate, for environmental and cultural resources potentially impacted by projects sited in the energy corridors to provide project developers predictability on how to seek first to avoid, then attempt to minimize any negative effects from, and lastly to mitigate such impacts, where otherwise unavoidable. Mitigation plans shall:

(A) be developed at the landscape or watershed scale with interagency collaboration, be based on conservation and resource management plans and regional environmental and cultural resource analyses, and identify priority areas for compensatory mitigation where appropriate;

(B) be developed in consultation with other Federal agencies, State, local, and tribal governments, non-governmental organizations, and the public;

(C) include clear and measurable mitigation goals, apply adaptive management methods, and use performance measures to evaluate outcomes and ensure accountability and the long-term effectiveness of mitigation activities;

(D) include useful mechanisms, such as mitigation banks and in lieu fee programs, where appropriate for achieving statutory and regulatory goals; and

(E) be considered in the energy corridor designation process.

(b) The Secretary of Energy shall assess and synthesize current research related to the requirements set forth in subsection (a)(ii) of this section, such as transmission planning authority studies, congestion studies, and renewable energy assessments. Based on that analysis, the Secretary of Energy shall provide to the Steering Committee a Transmission Corridor Assessment Report (Report) that provides recommendations on how to best achieve the requirements set forth in subsection (a)(ii) of this section. Where research is available, the Report shall include an assessment of whether investment in co-locating with or upgrading existing transmission facilities, distributed generation, improved energy efficiency, or demand response may play a role in meeting these requirements. In preparing the Report, the Secretary of Energy shall consult with Federal, State, local, and tribal governments, affected industries, environmental and community representatives, transmission planning authorities, and other interested parties. The Report shall be provided in two parts. The first part, which shall provide recommendations with respect to the Western States, shall be provided by December 1, 2013, and the second part, which shall provide recommendations with respect to States other than the Western States, shall be provided by April 1, 2014.

SEC. 2. *Energy Corridors for the Western States*. (a) The Secretaries shall strongly encourage the use of designated energy corridors on Federal land in the Western States where the energy corridors are consistent with the requirements in this memorandum and other applicable requirements, unless it can be demonstrated that a project cannot be constructed within a designated corridor due to resource constraints on Federal lands. Additionally, the Secretaries, pursuant to section 368 of the Act, shall continue to evaluate designated energy corridors to determine the necessity for revisions, deletions, or additions to those energy corridors. Also, the Secretaries, coordinated by the Secretaries of the Interior and Agriculture, shall:

(i) by July 12, 2013, provide to the Steering Committee a plan for producing the Western corridor study and regional corridor assessments (as specified in subsection (a)(ii) and (a)(iii) of this section), which shall include descriptions of timelines and milestones, existing resources to be utilized, plans for collaborating with Member Agencies, and plans for consulting with other Federal agencies, State, local, and tribal governments, affected industries, environmental and community representatives, and other interested parties;

(ii) within 12 months of completion of the plan pursuant to subsection (a)(i) of this section, provide to the Steering Committee a Western corridor study, which shall assess the utility of the existing designated energy corridors;

(iii) provide to the Steering Committee regional corridor assessments, which shall examine the need for additions, deletions, and revisions to the existing energy corridors for the Western States by region. The regional corridor assessments shall evaluate energy corridors based on the requirements set forth in subsection (a) of section 1, the Report issued pursuant to subsection (b) of section 1, and the Western corridor study. The regional corridor assessments shall be completed promptly, depending on resource availability, with at least the first assessment completed within 12 months of completion of the plan pursuant to subsection (a)(i) of this section;

(iv) by November 12, 2014, provide to the Steering Committee and the Office of Management and Budget (OMB) an implementation plan for achieving the requirements set forth in subsections (a)(v) and (a)(vi) of this section based on the regional corridor assessments. The implementation plan shall include timelines and milestones that prioritize coordinated agency actions and a detailed budget;

(v) promptly after the completion of the regional corridor assessments and prioritized based on the

availability of resources, undertake coordinated land use planning and environmental and cultural resource review processes to consider additions, deletions, or revisions to the current Western energy corridors, consistent with the requirements set forth in subsection (a) of section 1, the Report required issued pursuant to subsection (b) of section 1, and the Western corridor study; and

(vi) as appropriate, after completing the required environmental and cultural resource analyses, promptly incorporate the designated Western corridor additions, deletions, or revisions and any mitigation plans developed pursuant to subsection (a)(vii) of section 1 into relevant agency land use and resource management plans or equivalent plans prioritized based on the availability of resources.

(b) The Member Agencies, where authorized, shall complete any required land use planning, internal policy, and interagency agreements to formalize the designation of energy corridors implemented pursuant to subsection (a)(vi) of this section. The Secretaries and Member Agencies shall also develop and implement a process for expediting applications for applicants whose projects are sited primarily within the designated energy corridors in the Western States, and who have committed to implement the necessary mitigation activities, including those required by the interagency mitigation plans required by subsection (a)(vii) of section 1.

SEC. 3. *Energy Corridors for the Non-Western States*. The Secretaries, in collaboration with the Member Agencies, shall continue to analyze where energy corridors on Federal land in States other than those identified as Western States may be necessary to address the recommendations in the Report issued pursuant to subsection (b) of section 1 and the requirements set forth in subsection (a) of section 1, and to expedite the siting, permitting, and review of electric transmission projects on Federal lands in those States. By September 1, 2014, the Secretaries shall provide the Steering Committee with updated recommendations regarding designating energy corridors in those States.

SEC. 4. *Improved Transmission Siting, Permitting, and Review Processes*. (a) Member Agencies shall develop an integrated, interagency pre-application process for significant onshore electric transmission projects requiring Federal approval. The process shall be designed to: promote predictability in the Federal siting, permitting, and review processes; encourage early engagement, coordination, and collaboration of Federal, State, local, and tribal governments, non-governmental organizations, and the public; increase the use of integrated project planning early in the siting, permitting, and review processes; facilitate early identification of issues that could diminish the likelihood that projects will ultimately be permitted; promote early planning for integrated and strategic mitigation plans; expedite siting, permitting, and review processes through a mutual understanding of the needs of all affected Federal agencies and State, local, and tribal governments; and improve environmental and cultural outcomes.

By September 30, 2013, Member Agencies shall provide to the Chief Performance Officer (CPO) and the Chair of the Council on Environmental Quality a plan, including timelines and milestones, for implementing this process.

(b) In implementing Executive Order 13604, Member Agencies shall:

(i) improve siting, permitting, and review processes for all electric transmission projects, both onshore and offshore, requiring Federal approval. Such improvements shall include: increasing efficiency and interagency coordination; increasing accountability; ensuring an efficient decision-making process within each agency; to the extent possible, unifying and harmonizing processes among agencies; improving consistency and transparency within each agency and among all agencies; improving environmental and cultural outcomes; providing mechanisms for early and frequent public and local community outreach; and enabling innovative mechanisms for mitigation and mitigation at the landscape or watershed scale; and

(ii) facilitate coordination, integration, and harmonization of the siting, permitting, and review processes of Federal, State, local, and tribal governments for transmission projects to reduce the overall regulatory burden while improving environmental and cultural outcomes.

SEC. 5. *General Provisions*. (a) The Secretaries and the Member Agencies shall coordinate the activities required by this memorandum with the Steering Committee and shall report to the Steering Committee their progress on meeting the milestones identified pursuant to this memorandum, consistent with the plans developed pursuant to sections 2 and 4 of this memorandum. The CPO shall report on the implementation of this memorandum in the report to the President submitted pursuant to section 2(e) of Executive Order 13604.

(b) In carrying out their responsibilities under this memorandum, Member Agencies shall consult relevant independent agencies, including the Federal Energy Regulatory Commission.

(c) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

(d) This memorandum shall be implemented consistent with Executive Order 13175 of November 6, 2000 (Consultation and Coordination with Indian Tribal Governments) and my memorandum of November 5, 2009 (Tribal Consultation).

(e) Nothing in this memorandum shall be construed to impair or otherwise affect:
(i) the authority granted by law to an executive department or agency, or the head thereof; or
(ii) the functions of the Director of OMB relating to budgetary, administrative, or legislative proposals.
(f) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.
(g) The Director of OMB is hereby authorized and directed to publish this memorandum in the Federal Register.

PART D—REFINERY REVITALIZATION

§15951. Findings and definitions

(a) Findings

Congress finds that—

(1) it serves the national interest to increase petroleum refining capacity for gasoline, heating oil, diesel fuel, jet fuel, kerosene, and petrochemical feedstocks wherever located within the United States, to bring more supply to the markets for the use of the American people;

(2) United States demand for refined petroleum products currently exceeds the country's petroleum refining capacity to produce such products;

(3) this excess demand has been met with increased imports;

(4) due to lack of capacity, refined petroleum product imports are expected to grow from 7.9 percent to 10.7 percent of total refined product by 2025;

(5) refiners are still subject to significant environmental and other regulations and face several new requirements under the Clean Air Act (42 U.S.C. 7401 et seq.) over the next decade; and

(6) better coordination of Federal and State regulatory reviews may help facilitate siting and construction of new refineries to meet the demand in the United States for refined products.

(b) Definitions

In this part:

(1) Administrator

The term "Administrator" means the Administrator of the Environmental Protection Agency.

(2) State

The term "State" means—

(A) a State;

(B) the Commonwealth of Puerto Rico; and

(C) any other territory or possession of the United States.

(Pub. L. 109–58, title III, §391, Aug. 8, 2005, 119 Stat. 748.)

to the Code, see Short Title note set out under section 7401 of this title and Tables.

§15952. Federal-State regulatory coordination and assistance

(a) In general

(b) Authority under agreement

The Administrator shall be authorized to—

(1) accept from a refiner a consolidated application for all permits required from the Environmental Protection Agency, to the extent consistent with other applicable law;

(2) enter into memoranda of agreement with other Federal agencies to coordinate consideration of refinery applications and permits among Federal agencies; and

(3) enter into memoranda of agreement with a State, under which Federal and State review of refinery permit applications will be coordinated and concurrently considered, to the extent practicable.

(c) State assistance

The Administrator is authorized to provide financial assistance to State governments to facilitate the hiring of additional personnel with expertise in fields relevant to consideration of refinery permits.

(d) Other assistance

The Administrator is authorized to provide technical, legal, or other assistance to State governments to facilitate their review of applications to build new refineries.

EX. ORD. NO. 13605. SUPPORTING SAFE AND RESPONSIBLE DEVELOPMENT OF UNCONVENTIONAL DOMESTIC NATURAL GAS RESOURCES

Ex. Ord. No. 13605, Apr. 13, 2012, 77 F.R. 23107, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, and in order to coordinate the efforts of Federal agencies responsible for overseeing the safe and responsible development of unconventional domestic natural gas resources and associated infrastructure and to help reduce our dependence on oil, it is hereby ordered as follows:

SECTION 1. *Policy*. In 2011, natural gas provided 25 percent of the energy consumed in the United States. Its production creates jobs and provides economic benefits to the entire domestic production supply chain, as well as to chemical and other manufacturers, who benefit from lower feedstock and energy costs. By helping to power our transportation system, greater use of natural gas can also reduce our dependence on oil. And with appropriate safeguards, natural gas can provide a cleaner source of energy than other fossil fuels.

For these reasons, it is vital that we take full advantage of our natural gas resources, while giving American families and communities confidence that natural and cultural resources, air and water quality, and public health and safety will not be compromised.

While natural gas production is carried out by private firms, and States are the primary regulators of onshore oil and gas activities, the Federal Government has an important role to play by regulating oil and gas activities on public and Indian trust lands, encouraging greater use of natural gas in transportation, supporting research and development aimed at improving the safety of natural gas development and transportation activities, and setting sensible, cost-effective public health and environmental standards to implement Federal law and augment State safeguards.

Because efforts to promote safe, responsible, and efficient development of unconventional domestic natural gas resources are underway at a number of executive departments and agencies (agencies), close interagency coordination is important for effective implementation of these programs and activities. To formalize and promote ongoing interagency coordination, this order establishes a high-level, interagency working group that will facilitate coordinated Administration policy efforts to support safe and responsible unconventional domestic natural gas development.

SEC. 2. *Interagency Working Group to Support Safe and Responsible Development of Unconventional Domestic Natural Gas Resources*. There is established an Interagency Working Group to Support Safe and Responsible Development of Unconventional Domestic Natural Gas Resources (Working Group), to be chaired by the Director of the Domestic Policy Council, or a designated representative.

(a) *Membership*. In addition to the Chair, the Working Group shall include deputy-level representatives or equivalent officials, designated by the head of the respective agency or office, from:

(i) the Department of Defense;

(ii) the Department of the Interior;

(iii) the Department of Agriculture;

(iv) the Department of Commerce;

(v) the Department of Health and Human Services;

(vi) the Department of Transportation;

(vii) the Department of Energy;

(viii) the Department of Homeland Security;

(ix) the Environmental Protection Agency;

(x) the Council on Environmental Quality;

(xi) the Office of Science and Technology Policy;

(xii) the Office of Management and Budget;

(xiii) the National Economic Council; and

(xiv) such other agencies or offices as the Chair may invite to participate.

(b) *Functions*. Consistent with the authorities and responsibilities of participating agencies and offices, the Working Group shall support the safe and responsible production of domestic unconventional natural gas by

performing the following functions:

(i) coordinate agency policy activities, ensuring their efficient and effective operation and facilitating cooperation among agencies, as appropriate;

(ii) coordinate among agencies the sharing of scientific, environmental, and related technical and economic information;

(iii) engage in long-term planning and ensure coordination among the appropriate Federal entities with respect to such issues as research, natural resource assessment, and the development of infrastructure;

(iv) promote interagency communication with stakeholders; and

(v) consult with other agencies and offices as appropriate.

SEC. 3. *General Provisions*. (a) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(b) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department, agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

BARACK OBAMA.

As part of the program under this section, the Secretary shall carry out a program to competitively award cash prizes in conformity with this subsection to advance the research, development, demonstration, and commercial application of hydrogen energy technologies.

(B) Advertising and solicitation of competitors

(i) Advertising

The Secretary shall widely advertise prize competitions under this subsection to encourage broad participation, including by individuals, universities (including historically Black colleges and universities and other minority serving institutions), and large and small businesses (including businesses owned or controlled by socially and economically disadvantaged persons).

(ii) Announcement through Federal Register notice

The Secretary shall announce each prize competition under this subsection by publishing a notice in the Federal Register. This notice shall include essential elements of the competition such as the subject of the competition, the duration of the competition, the eligibility requirements for participation in the competition, the process for participants to register for the competition, the amount of the prize, and the criteria for awarding the prize.

(C) Administering the competitions

The Secretary shall enter into an agreement with a private, nonprofit entity to administer the prize competitions under this subsection, subject to the provisions of this subsection (in this subsection referred to as the "administering entity"). The duties of the administering entity under the agreement shall include—

(i) advertising prize competitions under this subsection and their results;

(ii) raising funds from private entities and individuals to pay for administrative costs and to contribute to cash prizes, including funds provided in exchange for the right to name a prize awarded under this subsection;

(iii) developing, in consultation with and subject to the final approval of the Secretary, the criteria for selecting winners in prize competitions under this subsection, based on goals provided by the Secretary;

(iv) determining, in consultation with the Secretary, the appropriate amount and funding sources for each prize to be awarded under this subsection, subject to the final approval of the Secretary with respect to Federal funding;

(v) providing advice and consultation to the Secretary on the selection of judges in accordance with paragraph (2)(D), using criteria developed in consultation with and subject to the final approval of the Secretary; and

Any information properly identified as trade secrets or confidential business information that is submitted by a participant as part of a competitive program under this subsection may be withheld from public disclosure.

(D) Funding sources

Prizes under this subsection shall consist of Federal appropriated funds and any funds provided by the administering entity (including funds raised pursuant to subparagraph (C)(ii)) for such cash prize programs. The Secretary may accept funds from other Federal agencies for such cash prizes and, notwithstanding section 3302(b) of title 31, may use such funds for the cash prize program under this subsection. Other than publication of the names of prize sponsors, the Secretary may not give any special consideration to any private sector entity or individual in return for a donation to the Secretary or administering entity.

(E) Announcement of prizes

The Secretary may not issue a notice required by subparagraph (B)(ii) until all the funds needed to pay out the announced amount of the prize have been appropriated or committed in writing by the administering entity. The Secretary may increase the amount of a prize after an initial announcement is made under subparagraph (B)(ii) if—

(i) notice of the increase is provided in the same manner as the initial notice of the prize; and

(ii) the funds needed to pay out the announced amount of the increase have been appropriated or committed in writing by the administering entity.

(F) Sunset

The authority to announce prize competitions under this subsection shall terminate on September 30, 2018.

(B) Awards

(i) Advancements

To the extent permitted under paragraph (1)(E), the prizes authorized under subparagraph (A)(i) shall be awarded biennially to the most significant advance made in each of the four subcategories described in subclauses (I) through (IV) of subparagraph (A)(i) since the submission deadline of the previous prize competition in the same category under subparagraph (A)(i) or December 19, 2007, whichever is later, unless no such advance is significant enough to merit an award. No one such prize may exceed $1,000,000. If less than $4,000,000 is available for a prize competition under subparagraph (A)(i), the Secretary may omit one or more subcategories, reduce the amount of the prizes, or not hold a prize competition.

The match shall be provided for 3 years after the date the prize winner is named or until the full amount of the prize has been paid out, whichever occurs first. A prize winner may elect to have the match amount paid to another entity that is continuing the development of the winning technology. The Secretary shall announce the rules for receiving the match in the notice required by paragraph (1)(B)(ii). The Secretary shall award a prize under this clause only when a registered participant has met the objective criteria established for the prize pursuant to subparagraph (C) and announced pursuant to paragraph (1)(B)(ii). Not more than $10,000,000 in Federal funds may be used for the prize award under this clause. The administering entity shall seek to raise $40,000,000 toward the matching award under this clause.
